Dear Members of the Court,

My name is Jake Shepherd and I have been working with John Lawrence at the Collin County Youth Park to select an Eagle Scout service project. I would like to request approval from the Court to build a footbridge at the Youth Park. I have attached the project description and details, along with photographs of the proposed location. The funds required to purchase the building materials will come from donations from family members, citizens and merchants of the community.

Thank you very much for your consideration.

PROJECT DESCRIPTION

Describe the project you plan to do.

My project ~~is~~ to build a 30 foot bridge across a small part of a creek. The purpose of the bridge is to make a safe crossing for women, men, and children. The place where the bridge is located is a camp ground. The bridge connects already existing pathways that lead to campsites.

What group will benefit from the project?

Collin County youth park (972) 548-4793
Name of religious institution, school, or community Telephone No.
Route 4 McKinney TX 75070
Street address City State Zip code

My project will be of benefit to the group because:

The foot bridge benefits the park because it supplies a safe passageway for campers to crossover to the other side of the creek.

This concept was discussed with my unit leader on

10-20-02
Date

The project concept was discussed with the following representative of the group that will benefit from the project.

PROJECT DETAILS

Plan your work by describing the present condition, the method, materials to be used, project helpers, and a time schedule for carrying out the project. Describe any safety hazards you might face, and explain how you will ensure the safety of those carrying out the project.

If appropriate, include photographs of the area before you begin your project. Providing before-and-after photographs of your project area can give a clear example of your effort.

I'm going to gather Scouts with no service hours.
Look at photos for present condition. Look at
back of sketch for supplies which are estimated.
This is going to be 3 Saturdays.
