Dear Members of the Parks Foundation Advisory Board,

The Trinity Trail Preservation Association has completed all items requested in the grant for the East Fork Equestrian Campground, P.O. 722864, and there are funds remaining unused.

We would like use the remaining funds to build an entryway to the campground at an estimated cost of \$2,500 and a covered pavilion at an estimated cost of \$5,000. I have attached a copy of the proposed design for the entryway.

Sincerely,

A handwritten signature in cursive script that reads "C. Kowitt".
