Subject: Top 20 Presentation

Hi Dr. Rohr,

We would like to honor the CCME as being in our top 20 sources for tissue donation. We would present you with an insert for 2008 for the plaque you already have and have a donor family member and tissue recipient present. They would speak for a few minutes and a member of the local Lions club would be present as well.

We would love to do this in April since it is National Donate Life Month, but a May date would be just as fine. Let me know what you think.

Thanks,  
Valerie Corder, RN
