MEMO

Date: June 8, 2009
To: Commissioners Court
From: Ruben E. Delgado, P.E. Director of Engineering
Re: Outer Loop Update – Segment 2: Rockwall County line to FM 6

Since November 2008 CH2MHill has been working to determine a refined technically preferred alignment.

Today, we will provide the court an update on the progress to date, discuss the methodology to determine the technically preferred alignment, and request Commissioners Court approval of the technically preferred alignment to present at a public meeting.

Will Barresi, P.E., project manager, has prepared the attached Power Presentation and will present to the court as the basis for further discussion.
