Stacey, I understand that this product was on your plan submitted earlier and that it will be purchased with funds under your control for this designated purpose.

Approved.

As you said, please place on court agenda for ratification.

Sincerely,

Keith Self
County Judge
Collin County

Judge Self,

See the attached proposal and corresponding emails from budget. I would like to request a pre-approval of a budget amendment below to later be ratified by commissioner court. By creating the purchase order now the county will save approximately \$2000.00. Fidar Technologies (Property Fraud Alert) has extended the offer which expired on June 8th.

I believe this is a good product and just was implemented in Tarrant County. This will be no cost to the taxpayers as this money will come from document preservation funds 025. I have talked with all the players in the group such as IT, purchasing & budget all on board with this project. I am asking now for your blessing. If you approve please contact myself and Jeff in budget so we can expedite this. Thanks,

Stacey Kemp

Jeff,

See the attached document for the property fraud software. I would like to request that \$30,000.00 be transferred from 025-0840-411-6401(consultants) to 025-0840-411-9040. Please let me know when you have transferred the funds and received a project # from the auditor's office. I would like to get this req in today. If you need any additional information please let me know.

Thank you for all your help.

Sincerely,

Stacey Kemp
