McKinney, Texas 75071

Dear Judge Self,

Thank you for your leadership in Collin County and your continued interest and priority of major arterial thoroughfares within the County.

As a follow up to our meeting several weeks ago, I wanted to request you consider expediting the engineering work on the portion of the Collin County Outer Loop from the connection at the DNT to Preston Road.

The opportunity with a private partner to front the cost of this section is still viable but timing for their participation is critical. Our Council has indicated to me that a disjointed city street from CR 51 to CR 53 is not an option they are interested in pursuing for this project. The only option is the construction of the access lanes of the future East-West Loop. This is an important business point in any potential agreement with the City of Celina and the private partner.

Please let me know if this is a desirable position you and the commissioners' court would like to pursue. We need to let the private corporation know whether to make the necessary decisions to move forward with their interest in moving to Celina.

Thank you for your consideration.

Sincerely,

Jim Lewis
Mayor of Celina
