February 22, 2010

RONALD & MELISSA BLANKENSHIP
152 SCHNEIDER RD
SHERMAN, TX 75090-5247

Dear Collin County Property Owner:

The Collin County Rural Addressing Office is currently standardizing emergency addressing, to ensure that there will not be a delay of emergency service to your residence.

To facilitate emergency response, some changes must be made to standardize addresses. Due to differing methods of addressing between the City of Anna and Collin County, this section of County Road 367 will be renamed and re-addressed for 9-1-1 consistency. See attached map for reference.

The addressing recommendation listed below will be made to the Collin County Commissioners' Court by the 9-1-1 Rural Addressing office. The agenda request will be made for the public session of the Commissioners' Court on March 22, 2010, which you are welcome to attend. The scheduled court date is subject to change – for information on the latest agenda notice go to:

www.co.collin.tx.us/commissioners_court/commcourt_agenda.jsp.

Pending approval by the Commissioners' Court, your 9-1-1 address on Woodland Meadows, Lot 9, will change:

from 40 COUNTY ROAD 367 to **2621 TAYLOR BLVD**

Within 2 weeks after approval by the commissioners court, a 9-1-1 address correction letter will be sent to you, your emergency service dispatcher, your post office, and the Collin Central Appraisal District.

The two Collin County Department of Public Safety (DPS) offices, in McKinney and Plano, will update the address on drivers licenses at no charge when shown the 9-1-1 address correction letter.

Property deeds are not affected by a change in address - even though the deed may reference a physical address, the legal description is the permanent property identifier. This office will provide an address verification letter at no charge, if ever needed in the future.

If you have any questions concerning this address, please call the GIS/9-1-1 Rural Addressing office at 972-548-4797.

Sincerely,

Ramona Luster
9-1-1 Rural Addressing Coordinator, Collin County
