TO Judge Self and Commissioners' Court
FROM Jon Kleinheksel, Director of Public Works *K*
RE Assign Surplus Grounds Equipment to Public Works

Public Works requests Commissioners' Court approval to retain one pole saw (surplus grounds equipment) for use in the CS&CD Community Service Program and the Inmate Work Program. This unit would be used in the upkeep of right-of-ways and various other work programs at sites throughout the County.

The unit would not be placed back on the replacement schedule, but would be retained and maintained until it is no longer economical to repair.

These programs have but 2 pole saws now for their use, this additional unit would allow them greater capabilities in clearing out the low limbs and brush in the right-of-ways.

Should you require additional information, contact me and I will respond accordingly.
