Re: CR 574 – additional ROW agreement
Reimbursement

In an effort to reduce construction costs, Public Works requested additional right of way from Ms. Debra Vega. The agreement would allow Public Works additional right of way, thus eliminating the need to replace a fence and costly utility line relocations.

The agreement with Ms. Vega included the removal of ten red tip photinias. This additional right of way (10 red tip photinias) resulted in a savings of thousands of dollars in construction costs.

Public Works requests Commissioners Court consideration and approval to reimburse Ms. Debra Vega \$450.00 for her ten red-tip photinias.
