The Honorable Joe Jaynes  
Commissioner, Collin County  
2300 Bloomdale Rd., Suite 4192  
McKinney, TX 75071

Dear Commissioner Jaynes:

Over the past four weeks, DART Board Chairman Bill Velasco and I visited with eight suburban cities and two counties located near the DART service area to begin a dialogue on future transportation options. I am pleased to report back that all discussions have been very informative and substantial interest was expressed by all these entities to begin to explore service options.

In an effort to take that next step with each entity, I am asking that you establish a point of contact through which DART staff can begin to meet and evaluate Collin County's needs and possible service opportunities. I have directed Michael Miles, Senior Manager, Government Relations, who also attended all the meetings, to be our point of contact. Michael will be contacting you or your designated representative and can be reached at 214.749.2853 or [mmiles@dart.org](mailto:mmiles@dart.org).

On behalf of our Chairman, Bill Velasco, and myself, I want to thank each one of you and your staff for taking time to meet with us and discuss the future transportation needs of your county and our region. We are very excited about the future opportunities that may come forward.

Again, thank you for your interest. I look forward to working with your county.

Sincerely,

Gary C. Thomas  
President / Executive Director
