

North Texas Tollway Authority (NTTA)

Legislative Goals

for the 82nd Texas Legislature

- Maintain and support continued first option for project delivery for local toll project entities and address relationship of multiple toll authorities in one service area.
- Amend Section 552.116 of the Texas Government Code to clarify exemption of internal audit working papers for regional tollway authorities; the final report remains subject to the Public Information Act.
- Amend Section 366.038 to prohibit a requirement for performance collateral in tolling services agreements if providing the security would have a negative financial impact on the NTTA's ability to issue bonds, or if in providing the security the NTTA would not be reimbursed its costs.
- Amend Chapter 366 to repeal obsolete provisions regarding board member and employee conflicts of interest so that Texas Local Government Code Chapter 171 clearly applies.
