Good afternoon Matt,

As much as I hate to say it, the only machine I can use for this to get close to this type of spec is a Server and I don't think your department would like that. Thanks again for the opportunity, but I am going to have to pass on this one. Have a great one!

-Mike-

Hey Ken,

I know that you and your team has gone through a restructuring phase. Would you be able to help us on this one still? If not, please advise on the new specialist. Matt is needing to purchase ASAP. Thanks!

Hey Ken,
Did you get a chance to get this together? Please advise. Thanks!
