RE: Orion Tracker

Collin County inventory number 50496 (Orion Tracker) no longer meets technology standards. This unit is no longer produced or supported by the manufacturer. A new advanced version of this product is being offered to Collin County at a 20% discount, which is a savings of \$2,000.00, with exchange of the old product. The new product can be purchased utilizing 2009 JAG funds.

This tracker is used on a regular basis by the Special Operations Unit. The loss of the tracker would severely limit our capabilities; there fore, we are asking that the new advanced version be purchased.
