

SPAETH

SINCE 1900

Spaeth Industries
Spaeth Pump & Equipment Co.
Division of Spaeth Machine Shop, Inc.

July 20, 2010

Ms. Warren,

It is with great regret that Spaeth Industries will not be able to make the proper arrangements fulfill the Collin County HVAC contract. Unfortunately, we have taken on such a large (new) work load that we would not be able to properly service you in a timely manner. Spaeth Industries has a 111 year reputation for servicing the customer to best of its ability even when that means taking a back seat and allowing someone else to be awarded the contract. Please do not view this withdraw as an inability to perform service for you in the future. We would welcome any opportunity to try additional service projects in the future.

Thank you,

Stephen Spaeth
Spaeth Industries
