

Subject: Call to Action: Adopt the IH 35E Resolution

Subject: Call to Action: Adopt the IH 35E Resolution

IMPORTANT IH-35E UPDATE

As the 82nd Session of the Texas Legislature convenes, we need to make certain that our voice is heard concerning transportation issues critical to the region. A top priority of the Dallas Regional Mobility Coalition this Session is to seek authorization, innovative financing, and related approvals to complete the long delayed enhancement, improvements and reconstruction of the IH-35E corridor.

DRMC established the IH-35E Stakeholders Coalition last fall to focus attention and coalesce support for the improvements to IH-35E between Dallas and Denton that have been two decades in the planning. Due to explosive population growth, roadway congestion, potentially catastrophic accidents and infrastructure deterioration, action is needed now.

Please ask your cities, counties and affected businesses to act today by adopting the Resolution of Support for IH-35E. (click [here](#) to download the resolution.) Please send your signed resolutions to:

Anne White, anne@dallasmobility.org.

Or you can mail a copy to:

Dallas Regional Mobility Coalition
2801 Network Boulevard, Suite 600
Frisco, TX 75034-1872

Your Resolution of Support will be critical in the upcoming legislative hearings! We will have an important announcement about additional DRMC action taken on State Highway 183 soon.
