From: Jon Kleinheksel, Director of Public Works  
Re: Solid Waste Implementation Project grant (#10-04-G21)

Last year, Public Works was awarded a Solid Waste Implementation Project grant (#10-04-G21) from NCTCoG in the amount of \$22,027. The purpose of the grant is airing Public Service Announcements concerning illegal dumping. These spots will benefit the County substantially by raising awareness of our illegal dumping measures and encouraging citizens to report it resulting in a cleaner and safer environment.

County staff collaborated with NCTCoG officials to redirect partial funding from the Solvent Recycler grant (#11-04-G07) to supplement the balance of this grant. This was necessary to allow the County to purchase more air time which increases our exposure to the public and expands our coverage of the metroplex. NCTCoG intends to increase the project funding of this grant to \$30,884. The original Interlocal Agreement #10-04-G21 was amended to reflect this modification. County and NCTCoG officials have intimated that we are ready to proceed immediately upon adoption of this amendment.

Public Works requests Commissioners' Court authorization to acknowledge and approve Major Change 01 to project #10-04-G21.

Should you require additional information, please contact me and I will respond accordingly.
