RE: North Texas Groundwater Conservation District Board Representation

Dear Judge Self and Members of the Collin County Commissioners Court,

The legislation creating the North Texas Groundwater Conservation District in 2009 contains a provision for three representatives to be appointed by the Collin County Commissioners Court. Since the initial terms for directors were staggered, two of these will expire on June 1, 2011. The new terms will be for the period ending June 1, 2015.

Currently, the at large position appointed by the Commissioners Court is being filled by Mr. Dan Collins. Mr. Collins has been an active member of the Board and has participated on several committees. Mr. Collins has expressed a willingness to serve another term on the Board.

The other position appointed by the Commissioners Court is to be selected from a list of nominees provided by the largest water user, which is the City of Anna. The City of Anna has been contacted and expects to recommend a representative at their next City Council meeting. The City will then forward this information to you. That position is currently being filled by Mr. Philip Sanders, the City Manager for the City of Anna. Mr. Sanders has been an active and involved member of the Board and has expressed a willingness to serve another term.

The purpose of this letter is to request that this item be placed on the next Commissioners Court agenda and make appointments for these two positions for the period beginning June 2, 2011 and ending June 1, 2015.

Respectfully submitted,

Eddy Daniel
President

cc: Mayor Darren Driskell, City of Anna

Philip Sanders, Anna City Manager

North Texas Groundwater Conservation District
