Duration of the project includes the time from the beginning of the work on the project until the contractor's/person's work on the project has been completed and accepted by the governmental entity.

Persons providing services on the project ("subcontractor" in 406.096) includes all persons or entities performing all or part of the services the contractor has undertaken to perform on the project, regardless of whether that person has employees. This includes, without limitation, independent contractors, subcontractors, leasing companies, motor carriers, owner-operators, employees of any such entity, or employees of any entity which furnishes persons to provide services on the project. "Services" include, without limitation, providing, hauling, or delivering equipment or materials, or providing labor, transportation, or other service related to a project. "Services" does not include activities unrelated to the project, such as food/beverage vendors, office supply deliveries, and delivery of portable toilets.

3.1.2.2 The contractor shall provide coverage, based on proper reporting of classification codes and payroll amounts and filing of any coverage agreements, which meets the statutory requirements of Texas Labor Code, Section 401.011(44) for all employees of the contractor providing services on the project, for the duration of the project.

3.1.2.3 The Contractor must provide a certificate of coverage to the governmental entity prior to being awarded the contract.

3.1.2.4 If the coverage period shown on the contractor's current certificate of coverage ends during the duration of the project, the contractor must, prior to the end of the coverage period, file a new certificate of coverage with the governmental entity showing that coverage has been extended.

3.1.2.5 The contractor shall obtain from each person providing services on a project, and provide to the governmental entity:

3.1.2.5.1 A certificate of coverage, prior to that person beginning work on the project, so the governmental entity will have on file certificates of coverage showing coverage for all persons providing services on the project; and

3.1.2.5.2 no later than seven (7) days after receipt by the contractor, a new certificate of coverage showing extension of coverage, if the coverage period shown on the current certificate of coverage ends during the duration of the project.

3.1.2.6 The contractor shall retain all required certificates of coverage for the duration of the project and for one year thereafter.

3.1.2.7 The contractor shall notify the governmental entity in writing by certified mail or personal delivery, within ten (10) days after the contractor knew or should have known, of any change that materially affects the provision of coverage of any person providing services on the project.

3.1.2.8 The contractor shall post on each project site a notice, in the text, form and manner prescribed by the Texas Workers Compensation Commission, informing all persons providing services on the project that they are required to be covered, and stating how a person may verify coverage and report lack of coverage.

3.1.2.9 The contractor shall contractually require each person with whom it contracts to provide services on a project, to:

3.1.2.9.1 provide coverage, based on proper reporting of classification codes and payroll amounts and filing of any coverage agreements, which meets the statutory requirements of Texas Labor Code, Section 401.011(44) for all of its employees providing services on the project, for the duration of the project;

3.1.2.9.2 provide to the contractor, prior to that person beginning work on the project, a certificate of coverage showing that coverage is being provided for all employees of the person providing services on the project, for the duration of the project;

3.1.2.9.4.1 a certificate of coverage, prior to the other person beginning work on the project; and

3.1.2.9.4.2 a new certificate of coverage showing extension of coverage, prior to the end of the coverage period, if the coverage period shown on the current certificate of coverage ends during the duration of the project;

3.1.2.9.5 retain all required certificates of coverage on file for the duration of the project and for one year thereafter;

3.1.2.9.6 notify the governmental entity in writing by certified mail or personal delivery, within ten (10) days after the person knew or should have known, of any change that materially affects the provision of coverage of any person providing services on the project; and

3.1.2.9.7 contractually require each person with whom it contracts, to perform as required by paragraphs 3.1.2.1 through 3.1.2.7, with the certificates of coverage to be provided to the person for whom they are providing services.

3.1.2.10 By signing this contract or providing or causing to be provided a certificate of coverage, the contractor is representing to the governmental entity that all employees of the contractor who will provide services on the project will be covered by workers compensation coverage for the duration of the project, that the coverage will be based on proper reporting of classification codes and payroll amounts, and that all coverage agreements will be filed with the appropriate insurance carrier or, in the case of a self-insured, with the commission's Division of Self-Insurance Regulation. Providing false or misleading information may subject the contractor to administrative penalties, criminal penalties, civil penalties, or other civil actions.

3.1.2.11 The contractor's failure to comply with any of these provisions is a breach of contract by the contractor which entitles the governmental entity to declare the contract void if the contractor does not remedy the breach within ten (10) days after receipt of notice of breach from the governmental entity.

3.1.3 Commercial Automobile Liability insurance shall be no less than \$500,000 combined single limits per accident for bodily injury and property damage, including owned, non-owned, and hired vehicle coverage.

3.1.4 Professional liability insurance at minimum limits of \$1,000,000. This policy must have a two (2) year extended period of coverage, (i.e. tail coverage). If you choose to have project coverage endorsed onto your based policy, this would be acceptable.

3.2 The required limits may be satisfied by any combination of primary, excess or umbrella liability insurances, provided the primary policy complies with the above requirements and the excess umbrella is following form. At Collin County's option and approval by the vendor, the contract may be renewed for three (3) additional one (1) year periods, as further explained in Renewal Options.

4.4.1 Renewal Options: Collin County reserves the right to exercise an option to renew the contract of the vendor for three (3) additional one (1) year periods, provided such option is stipulated in the Special Conditions and agreed upon by both parties. The County retains the right to terminate the contract, with or without good cause, upon thirty (30) days prior written notice.

State of Texas statutes prohibit the County from any obligation of public funds beyond the fiscal year for which a budget has been approved. Therefore, anticipated orders or other obligations that may arise past the end of the current Collin County fiscal year shall be subject to budget approval.

4.6 Price Reduction: If during the life of the contract, the vendor's net prices to its customers for the same product(s) and/or services shall be reduced below the contracted price, it is understood and agreed that the County shall receive such price reduction.

4.7 Price Redetermination: A price redetermination may be considered by Collin County only at the anniversary date of the contract. All requests for price re-determination shall be in written form and shall include documents supporting price redetermination such as manufacturer's direct cost, postage rates, Railroad Commission rates, Federal/State minimum wage law, Federal/State unemployment taxes, F.I.C.A, Insurance Coverage Rates, etc. The bidder's past experience of honoring contracts at the bid price will be an important consideration in the evaluation of the lowest and best bid. Collin County reserves the right to accept or reject any/all of the price redetermination as it deems to be in the best interest of the County.

4.8 Approximate Usage: Collin County has approximately 400 road licensed vehicles. The County shall request and authorize services based upon departmental need. No minimum amount of work is guaranteed under the resulting contract.

4.9 Basis of Award: Contracts(s) will be awarded in the best interest of the County, including no award; multiple contracts may be awarded.

Estimates shall be based on the current editions of either Mitchell Collision and Estimating Guides or CCC Pathways Estimating Solutions.

4.10.2 All estimates shall be complete and include all parts and charges with the exception of "hidden" damage, which may not be obvious until repairs are initiated. No work shall commence until a purchase order has been issued. In no instance shall any repairs costing more than the original estimate be performed without first notifying the Fleet Coordinator or his designated representative and providing a supplemental estimate indicating additional parts and labor charges. The County shall reserve the right to verify, through independent appraisal, if the repairs are required. A structural alignment report, before and after repairs shall be submitted to the Fleet Coordinator when requested.

4.10.3 All labor will be invoiced at the hourly rate set forth on the bidder's Bid Form of this IFB. All replacement repair parts will be invoiced at retail list price less bidder's discount percentage set forth on the bidder's Bid Form of this IFB.

4.12.2 New non-OEM parts are required to have the name, manufacturing logo and/or insignia visibly indicated, when applicable.

4.12.3 Bidder will use OEM parts whenever possible. Otherwise, bidder warrants that the non-OEM, rebuilt and/or reconditioned parts meet and/or exceed those of the original equipment manufacturer part being replaced for fitness and finish. This requirement will apply to metal and fiberglass replacement parts.

4.12.4 USED parts are acceptable only as agreed to by Fleet Coordinator or designated representative. The County may opt that used parts be used depending on the age and value of the automotive equipment that is being repaired.

4.12.5 If a new part is specified in the estimate and a suitable used part is available, the successful vendor shall contact the Fleet Coordinator or designated representative to determine if acceptable. If used part is accepted the original estimate shall be adjusted to reflect the change in cost; likewise, should a used part be specified in the original estimate and found to be unavailable, the Fleet Coordinator or designated representative shall be contacted to determine and/or approve the substitution and, if appropriate, adjust the original estimate to reflect the change in cost.

4.12.6 All airbag components must be replaced with NEW OEM parts when the decision has been made to replace the components.

4.13 Inspection: Bidder agrees to allow the designated County representative to conduct periodic "on-site" inspections of any/all vehicles being repaired for reasons of ensuring that all repairs are being performed in accordance with the agreed-to estimate(s).

4.18 The County reserves the right to assign vehicles that require specialized or proprietary repairs, finish, etc. to any other contractor at its discretion depending on the nature and extent of the specialized or proprietary work required.

4.19 All work done without the services of an independent appraiser shall be priced in accordance with the contractor's appraisal. Such appraisal shall be subject to review and approval by the County before any work may start. No appraisal for County owned vehicles shall be based on labor or parts discount other than those contained on the contract, regardless of the cause of the damage or the eventual liability for repair costs, unless specifically approved in writing by the County.

4.20 If the County determines that the workload of the Contractor is such that timeliness is not possible in a given situation, the County reserves the unilateral right to assign the job to a secondary contractor. Repeated assignments to the secondary contractor (more than twice in a two (2) month period) may result in contract termination. Time is of the essence in returning County vehicles to service. The successful bidder agrees that Police vehicles assigned under this contract shall receive priority over the other work in its shop unless specific prior approval has been obtained from the County.

4.21 Certification: Vendor shall supply with their bid, proof of any/all certifications held by his/her shop and all technicians in his/her employ, who may be involved in the repair of County vehicles/equipment. Requests for additional time must be approved by Collin County. If vehicles are returned for additional work, prior to acceptance, the vendor shall give the County a written estimate of the time it will take to complete the work.

4.24 Acceptance: Acceptance of repairs shall be conducted by Collin County Fleet Coordinator or designated representative. All invoices submitted for payment shall be certified for payment by Collin County Fleet Coordinator or designated representative. Under no circumstances will any invoice be processed for payment without being certified by the above. 4.25.9 Unsatisfactory repairs include, but are not limited to; paint swirls, fish eye blemishes, orange peel, mismatched paint color, buffer burns, etc.

4.26 Vehicle Storage: Successful Bidder will be responsible for adequate storage and will assume full liability and responsibility of all County vehicles and contents (including radios and other standard or installed equipment), placed in its custody by the County under this contract. All storage fees shall be incurred by successful bidder. It shall be the responsibility of the contractor(s) to fully protect, at all times, county property entrusted to their care. The contractor shall reimburse the county for any and all damages to county property while in their care, such as unwarranted wear and tear, acts of vandalism and malicious mischief, any and all physical damages (to include hail damage), including acts of commission and/or omission by the contractor’s employees and others.
