Major Mike Anderson *MA*
RE: Thermal Imager Units

Currently our Patrol vehicles have limited capability at night. All Patrol vehicles have spotlights but criminals know this and seek hiding places that spotlights cannot penetrate. Therefore, it is recommended that the 2011 formula Justice Assistance Grant (JAG) of \$25,263 be spent to equip a portion of the Patrol vehicles with spotlight mounted thermal imager units. This will increase the night patrol capabilities of our Patrol section.
