SUBJECT: Myers Park Pump Station and Ground Storage Tank Project

I have reviewed the bid tabulation packet for the Myers Park Pump Station and Ground Storage Tank Project for Collin County. The bids were opened on Thursday, August 4, 2011 at 2:00 pm.

There were six bidders for the project. The lowest bidder was Lamarc, Inc. The lowest bid was \$179,117.

Our firm has not worked with Lamarc, Inc. in the past; however, having reviewed their submitted references, previous projects and financial information, it seems the bidder has the experience and financial means that is necessary to successfully complete the project. My recommendation is to award this project to Lamarc, Inc. I do not recommend accepting the deductive alternate bid for the construction of the pump building.

If you should have any questions or need additional information, please feel free to contact me.

Sincerely,

A handwritten signature in black ink that reads "Eddy Daniel". The signature is written in a cursive style with a large, looped initial "E".

Eddy Daniel, P.E.
