Description

Bidder shall state total cost per each yellow light pole base

3.0 INSURANCE REQUIREMENTS

3.1 Before commencing work, the vendor shall be required, at its own expense, to furnish the Collin County Purchasing Agent with certified copies of all insurance certificate(s) indicating the coverage to remain in force throughout the term of this contract.

3.1.1 Commercial General Liability insurance at minimum combined single limits of (\$1,000,000 per-occurrence and \$2,000,000 general aggregate) for bodily injury and property damage, which coverage shall include products/completed operations, independent contractors, and contractual liability each at \$1,000,000 per occurrence. Coverage must be written on an occurrence form.

3.1.2 Workers Compensation insurance at statutory limits, including employers liability coverage at minimum limits. In addition to these, the contractor must meet each stipulation below as required by the Texas Workers Compensation Commission; (Note: If you have questions concerning these requirements, you are instructed to contact the TWCC at (512)440-3789).

3.1.2.1 Definitions: Certificate of coverage ("certificate"); A copy of a certificate of authority of self-insure issued by the commission, or a coverage agreement (TWCC-81, TWCC-82, TWCC-83, OR TWCC-84), showing statutory workers compensation insurance coverage for the person's or entity's employees providing services on a project, for the duration of the project.

Duration of the project includes the time from the beginning of the work on the project until the contractor's/person's work on the project has been completed and accepted by the governmental entity.

Persons providing services on the project ("subcontractor" in 406.096) includes all persons or entities performing all or part of the services the contractor has undertaken to perform on the project, regardless of whether that person has employees. This includes, without limitation, independent contractors, subcontractors, leasing companies, motor carriers, owner-operators, employees of any such entity, or employees of any entity which furnishes persons to provide services on the project. "Services" include, without limitation, providing, hauling, or delivering equipment or materials, or providing labor, transportation, or other service related to a project. "Services" does not include activities unrelated to the project, such as food/beverage vendors, office supply deliveries, and delivery of portable toilets.

3.1.2.2 The contractor shall provide coverage, based on proper reporting of classification codes and payroll amounts and filing of any coverage agreements, which meets the statutory requirements of Texas Labor Code, Section 401.011(44) for all employees of the contractor providing services on the project, for the duration of the project.

3.1.2.3 The Contractor must provide a certificate of coverage to the governmental entity prior to being awarded the contract.

3.1.2.4 If the coverage period shown on the contractor's current certificate of coverage ends during the duration of the project, the contractor must, prior to the end of the coverage period, file a new certificate of coverage with the governmental entity showing that coverage has been extended.

3.1.2.5 The contractor shall obtain from each person providing services on a project, and provide to the governmental entity:

3.1.2.5.1 A certificate of coverage, prior to that person beginning work on the project, so the governmental entity will have on file certificates of coverage showing coverage for all persons providing services on the project; and

3.1.2.5.2 no later than seven days after receipt by the contractor, a new certificate of coverage showing extension of coverage, if the coverage period shown on the current certificate of coverage ends during the duration of the project.

3.1.2.6 The contractor shall retain all required certificates of coverage for the duration of the project and for one year thereafter.

3.1.2.7 The contractor shall notify the governmental entity in writing by certified mail or personal delivery, within 10 days after the contractor knew or should have known, of any change that materially affects the provision of coverage of any person providing services on the project.

3.1.2.8 The contractor shall post on each project site a notice, in the text, form and manner prescribed by the Texas Workers Compensation Commission, informing all persons providing services on the project that they are required to be covered, and stating how a person may verify coverage and report lack of coverage.

3.1.2.9 The contractor shall contractually require each person with whom it contracts to provide services on a project, to:

3.1.2.9.1 provide coverage, based on proper reporting of classification codes and payroll amounts and filing of any coverage agreements, which meets the statutory requirements of Texas Labor Code, Section 401.011(44) for all of its employees providing services on the project, for the duration of the project;

3.1.2.9.2 provide to the contractor, prior to that person beginning work on the project, a certificate of coverage showing that coverage is being provided for all employees of the person providing services on the project, for the duration of the project;

3.1.2.9.3 provide the contractor, prior to the end of the coverage period, a new certificate of coverage showing extension of coverage, if the coverage period shown on the current certificate of coverage ends during the duration of the project;

3.1.2.9.4 obtain from each other person with whom it contracts, and provide to the contractor:

3.1.2.9.4.1 a certificate of coverage, prior to the other person beginning work on the project; and

3.1.2.9.4.2 a new certificate of coverage showing extension of coverage, prior to the end of the coverage period, if the coverage period shown on the current certificate of coverage ends during the duration of the project;

3.1.2.9.5 retain all required certificates of coverage on file for the duration of the project and for one year thereafter;

3.1.2.9.6 notify the governmental entity in writing by certified mail or personal delivery, within 10 days after the person knew or should have known, of any change that materially affects the provision of coverage of any person providing services on the project; and

3.1.2.9.7 contractually require each person with whom it contracts, to perform as required by paragraphs 3.1.2.1 through 3.1.2.7, with the certificates of coverage to be provided to the person for whom they are providing services.

3.1.2.10 By signing this contract or providing or causing to be provided a certificate of coverage, the contractor is representing to the governmental entity that all employees of the contractor who will provide services on the project will be covered by workers compensation coverage for the duration of the project, that the coverage will be based on proper reporting of classification codes and payroll amounts, and that all coverage agreements will be filed with the appropriate insurance carrier or, in the case of a self-insured, with the commission's Division of Self-Insurance Regulation. Providing false or misleading information may subject the contractor to administrative penalties, criminal penalties, civil penalties, or other civil actions.

3.1.2.11 The contractor's failure to comply with any of these provisions is a breach of contract by the contractor which entitles the governmental entity to declare the contract void if the contractor does not remedy the breach within ten days after receipt of notice of breach from the governmental entity.

3.1.3 Commercial Automobile Liability insurance shall be no less than \$500,000 combined single limits per accident for bodily injury and property damage, including owned, non-owned, and hired vehicle coverage.

3.2 The required limits may be satisfied by any combination of primary, excess or umbrella liability insurances, provided the primary policy complies with the above requirements and the excess umbrella is following form. The vendor may maintain reasonable and customary deductibles, subject to approval by Collin County.

3.3 With reference to the foregoing insurance requirement, the vendor shall endorse applicable insurance policies as follows:

3.3.1 A waiver of subrogation in favor of Collin County, its officials, employees, volunteers and officers shall be contained in the workers compensation coverage.

- 3.3.2 The vendor's insurance coverage shall name Collin County as additional insured under the General Liability policy.
- 3.3.3 All insurance policies shall be endorsed to require the insurer to immediately notify Collin County of any decrease in the insurance coverage limits.
- 3.3.4 All insurance policies shall be endorsed to the effect that Collin County will receive at least thirty (30) days notice prior to cancellation, non-renewal or termination of the policy.
- 3.3.5 All copies of Certificates of Insurance shall reference the project/contract number.
- 3.4 All insurance shall be purchased from an insurance company that meets the following requirements:
 - 3.4.1 A financial rating of B+VI or better as assigned by the BEST Rating Company or equivalent.
- 3.5 Certificates of Insurance shall be prepared and executed by the insurance company or its authorized agent, and shall contain provisions representing and warranting the following:
 - 3.5.1 Sets forth all endorsements and insurance coverages according to requirements and instructions contained herein.
 - 3.5.2 Sets forth the notice of cancellation or termination to Collin County.

4.0 SPECIAL CONDITIONS AND SPECIFICATIONS

4.1 Authorization: By order of the Commissioners' Court of Collin County, Texas sealed bids will be received for IFB 07236-11, Striping, Roads and Parking Lots.

4.2 Purpose: The intended purpose for this Invitation for Bid is to provide the specifications for road and parking lot striping for Collin County. Bidder shall furnish equipment, material and labor for the layout and installation of the reflective paint pavement markings (paint striping) for Collin County roads and parking lots.

4.3 Term: Provide for a term contract commencing on October 1, 2011, and continuing through and including September 30, 2012 with two (2) optional one (1) year renewal periods provided there is no change in the terms, conditions, specifications, and prices provided that such renewals are mutually agreed to by both parties.

4.4 Funding: Funds for payment have been provided through the Collin County budget approved by the Commissioners' Court for this fiscal year only. State of Texas statutes prohibit the County from any obligation of public funds beyond the fiscal year for which a budget has been approved. Therefore, anticipated orders or other obligations that may arise past the end of the current Collin County fiscal year shall be subject to budget approval.

4.5 Price Reduction: If during the life of the contract, the vendor's net prices to its customers for the same product(s) and/or services shall be reduced below the contracted price, it is understood and agreed that the County shall receive such price reduction.

4.6 Price Redetermination: A price redetermination may be considered by Collin County only at the twelve (12), twenty-four (24), and thirty-six (36) month anniversary date of the contract. All requests for price redetermination shall be in written form and shall include documents supporting price redetermination such as Manufacturer's direct cost, postage rates, Railroad Commission rates, Federal/State minimum wage law, Federal/State unemployment taxes, F.I.C.A, Insurance Coverage Rates, etc.. The bidder's past experience of honoring contracts at the bid price will be an important consideration in the evaluation of the lowest and best bid. Collin County reserves the right to accept or reject any/all of the price redetermination as it deems to be in the best interest of the County.

4.7 Advanced Notice/Completion Time: Advanced notice and completion time are important considerations in the evaluation of the lowest and best bid. Bidder shall state, in the space provided, the advanced notice required to provide striping services at the County's designated location(s).

4.7.1 Road Striping: shall be completed **within 30 days** of written notice to proceed by Collin County Public Works. Under favorable weather conditions, vendor shall complete eight (8) to ten (10) miles of road striping per day.

4.7.2 Parking Lot Striping: shall be completed by the due dated listed on the purchase order.

4.8 Testing: Testing may be performed at the request of Collin County, by an agent so designated by the County, without expense to Collin County.

4.9 Approximate Usage: Estimated annual quantities may vary, but it is anticipated that Collin County will need approximately ten (10) miles of four inch (4") white shoulder striping, sixty (60) miles of four inch (4") yellow, no passing zone striping and twenty (20) miles of four inch (4") yellow, dashed centerline striping. Estimated annual quantity for parking lot striping is unknown. Striping will be done on an as needed basis. Approximate usage does not constitute an order, but only implies the probable quantity the County will use. Commodities will be ordered on an as-needed basis.

4.10 Statement of Work/Scope of Services for Road Striping:

4.10.1 The successful bidder shall provide all equipment, materials, and traffic control necessary, and shall use a crew experienced in the work of installing such pavement markings on roadway surfaces.

4.10.2 The surface to receive the pavement markings shall be thoroughly cleaned of all dirt, organic growth, loose rocks or other materials that will prevent adhesion of the paint to the roadway surface.

4.10.3 Paint type to be used for pavement markings shall be in accordance with Texas Department of Transportation (TxDOT) Departmental Material Specification DMS 8200. Paint designations are WPT-12 for white paint and YPT-12 for yellow paint.

4.10.4 The deviation rate in alignment of new markings shall not exceed one (1) inch per 200 feet of roadway. The maximum deviation in alignment from the established marking shall not exceed two (2) inches, nor shall any deviation be abrupt.

4.10.5 When deemed necessary by the County, the vendor, at his expense, shall place any temporary pilot markings required to facilitate the placement of the permanent markings in the alignment specified. Any and all additional markings placed on the roadway for alignment purposes shall be temporary in nature and shall not establish a permanent marking on roadway.

4.10.6 The new centerline and shoulder stripes shall overlap the existing centerline and shoulder stripes (where applicable). Centerline stripes, which lie between the No Passing Zone stripes, will be required to be removed, painted or re-striped.

4.10.7 Collin County shall provide to successful bidder a striping plan for those roads not previously striped or for roads which are to be re-striped to include no passing zones.

4.10.8 The rate for marking material shall be sixteen (16) to eighteen (18) gallons per mile of solid, four inch (4") line, and thirty-two (32) to thirty-six (36) gallons per mile for solid, eight inch (8") line.

4.10.9 All markings placed shall have uniform and distinctive retro-reflective characteristics. Type III Large Gradation Texas Specification beads shall be applied to the paint marking at a rate sufficient to achieve uniform and distinctive retro-reflective characteristics. Under no circumstances shall the bead application rate be less than ten (10) pounds of beads per gallon of paint applied to the road surface. Striper speed shall not exceed ten (10) mph during application to prevent the beads from "rolling" in the paint film. Beaders should be checked to insure proper flow of application. It may be necessary to convert to gravity flow beaders (if not in use) to obtain optimum bead application.

4.10.10 The equipment shall be capable of placing one four inch (4") broken line with either one (1) or two (2) continuous lines at the same time in alignment and spacing as shown on the Typical Roadway Layout (Attachment A).

4.10.11 The equipment used to place pavement markings shall have an automatic cut-off device with manual operating capabilities to provide clean, reasonably square marking ends, and to provide a method of applying broken line in an approximate stripe-to-gap ratio of 10 to 30. The length of the paint shall not be less than 10 feet or more than 10.5 feet. The total length of any stripe-gap cycle shall not be less than 39.5 feet or more than 45.5 feet in variance from one cycle

to the next, nor shall the average total length of a cycle for a road mile of broken line exceed 41 feet or be less than 39.5 feet.

4.10.12 The equipment shall be capable of placing lines of clean edges and of uniform cross-section. All lines shall have a tolerance of plus or minus 1/8" per four inch (4") width.

4.10.13 The equipment shall be equipped with bead dispensers, one for each paint spray gun, and so placed on the equipment that beads are applied to the paint almost as instantly as the marking is being placed on the roadway surface. The bead dispensers shall be designed and aligned so beads are applied uniformly to the entire surface of the marking. The bead dispensers shall be equipped with automatic cut-off controls, synchronized with the cut-off of the marking equipment.

4.11 Statement of Work/Scope of Services for Parking Lot Striping:

4.11.1 The successful bidder shall provide contractor grade acrylic, striping paint for new asphalt or coated asphalt and contractor grade acrylic, alkyd, or chlorinated rubber striping paint for existing asphalt and concrete pavements or restriping.

4.11.2 Apply marking paint in dry weather when pavement and atmospheric temperatures are fifty (50) degrees F. or above (or mfg. Specification) and are anticipated to remain above fifty (50) degrees F. for four (4) hours after completing application.

4.11.3 The equipment used shall be a commercial compressed air spray striping machine capable of applying an even coating at the manufacturer's recommended thickness in an even width across the stripe or a commercial airless spray striping machine capable of applying an even coating at the manufacturer's recommended thickness in an even width across the stripe.

4.11.4 Examination of Work:

4.11.4.1 The successful bidder shall inspect existing pavement surfaces for conditions and defects that will adversely affect quality of work, and which cannot be put into an acceptable condition through normal preparatory work as specified.

4.11.4.2 Do not place marking over unsound pavements. If these conditions exist, notify Owner.

4.11.4.3 Starting installation constitutes contractor's acceptance of surface as suitable for installation.

4.11.5 Preparation:

4.11.5.1 Provide qualified technician to supervise equipment and application of marking. Layout markings using guide lines, templates and forms. Stencils and templates shall be professionally made to industry standards. "Free hand" painting of arrows, symbols, or wording shall not be allowed.

4.11.5.2 Thoroughly clean surfaces free of dirt, sand, gravel, oil and other foreign matter.

4.11.5.3 Protect adjacent curbs, walks, fences, and other items from receiving paint.

4.11.6 Application:

4.11.6.1 Apply marking paint at a rate of one (1) gallon per three to four hundred (300-400) lineal feet of four (4) inch wide stripes. (Or to mfg. specification) All striping shall follow the applicable codes.

4.11.6.2 Fire apparatus access roads shall be continuously marked by painted lines of red traffic paint six inches in width to show the boundaries of the lane. The words "NO PARKING FIRE LANE" or "FIRE LANE NO PARKING" shall appear in four-inch white letters at 25 feet intervals on the red border markings along both sides of the fire lanes. Where a curb is available, the striping shall be on both the horizontal and vertical faces of the curb.

4.11.6.3 Apply stripes straight and even in accordance with schedules.

4.11.6.4 Apply stripes and other markings in widths and colors detailed in schedule or on purchase order. Other marking to include, but not be limited to, handicap emblems, stop bars, cross hashes, sidewalk ramps, and light pole bases.

4.11.7 Protection:

4.11.7.1 Barricade marked areas during installation and until the marking paint is dried and ready for traffic.

COMPANY INFORMATION/PROFILE/REFERENCES

Preferential Requirement: The County of Collin, as a governmental agency of the State of Texas, may not award a contract to a nonresident bidder unless the nonresident's bid is lower than the lowest bid submitted by a responsible Texas resident bidder by the same amount that a Texas resident bidder would be required to underbid a nonresident bidder to obtain a comparable contract in the state in which the nonresident's principal place of business is located (Government Code, Title 10, V.T.C.A., Chapter 2252, Subchapter A). Bidder shall make answer to the following questions by selecting the appropriate radio button or inserting information in the box provided:

Is your principal place of business in the State of Texas? Yes No

If the answer to question is "yes", no further information is necessary; if "no", please indicate:

in which state is your principal place of business is located:

if that state favors resident bidders (bidders in your state) by some dollar increment or percentage: Yes No

if "yes", what is that dollar increment or percentage?

Company Profile: IS YOUR FIRM?

- Sole Proprietorship Yes No
- General Partnership Yes No
- Limited Partnership Yes No
- Corporation Yes No
- Other Yes No

List Legal Names in Company:

List at least three (3) companies or governmental agencies where these same/like products/services, as stated herein, have been provided. Include company name, address, contact name and telephone number.
