Re: Request for Change Order #3: Contract No. IFB 03489-09 / Full Range Plumbing Services

Dear Ms. Rains:

In order to best serve Collin County's plumbing needs, I am proposing the following addition to our contract to reflect pricing services that may be needed.

In conjunction with the addition of Backflow Services and Pricing that was previously approved on Change Order #2 but did not address repair or replacement of broken and/or irreparable backflows, I want to honor a decreased pricing structure that is also offered retroactively to 2011 for any outstanding invoices that have not been addressed.

- a) Backflow repairs to device and re-test of device.....\$120
(as opposed to the standard rate of \$90 service + \$80 Second Test Fee = \$170)
- b) Backflow repairs to device, plus needed parts, and re-test of device.....\$120 + parts
(parts priced per contract)
- c) Backflow replaced (unable to repair), and re-test of new device.....\$120 + new device kit
(parts priced per contract)

Please let me know if this is acceptable. Thank you for your continued business.

Sincerely,

A handwritten signature in cursive script that reads "Leanne".
