Subject: FW: Installation of Zebra Ticket Writer Printer Pedestal & Charger

All -

See below for the e-mail from shipman with the quote. The \$200 that was in the original budget meets the requirements for this portion.

Thank You

Liz.

The installation price regardless of vehicle would be \$65.00 and the removal and reinstallation would be \$85.00.

Sorry for the delay.

Subject: Installation of Zebra Ticket Writer Printer Pedestal & Charger

Wes,

The County is looking at purchasing Zebra RW420 Bluetooth Printers for a Ticket Writer system to be installed in the Sheriff Vehicles (Crown Vics).

These printers will require installation of a pedestal: Panavise Mount Model 727-06, Slimline, 6" for the printer and a 12VDC power supply, Zebra CC16614-G1.

Power supply will need to be hardwired thru the ignition.

See attached pictures of what will be installed. The exact mounting locations of the mount for the printer and the power supply will have to be determined.

Can you give us a quote for: Install
Remove and
reinstall

If the quotes will be different when we go to the Ford PI SUV later this year, please submit a quote to remove from the Crown Vic and install in the SUV.

Thanks,

Liz Gray
