1.1 If Bidder/Quoter/Offeror do not wish to submit an offer at this time, please submit a No Bid Form.

1.2 Awards shall be made not more than ninety (90) days after the time set for opening of submittals.

1.3 Collin County is always conscious and extremely appreciative of your time and effort in preparing your submittal.

1.4 Collin County exclusively uses BidSync for the notification and dissemination of all solicitations. The receipt of solicitations through any other company may result in your receipt of incomplete specifications and/or addendums which could ultimately render your bid non-compliant. Collin County accepts no responsibility for the receipt and/or notification of solicitations through any other company.

1.5 A bid/quote/submittal may not be withdrawn or canceled by the bidder/quoter/offeror prior to the ninety-first (91st) day following public opening of submittals and only prior to award.

1.6 It is understood that Collin County, Texas reserves the right to accept or reject any and/or all Bids/Quotes/Proposals/Submittals for any or all products and/or services covered in an Invitation For Bid (IFB), Request For Qualifications (RFQ), Request For Proposal (RFP), Request For Information (RFI), Competitive Sealed Proposal (CSP), and Quotation, and to waive informalities or defects in submittals or to accept such submittals as it shall deem to be in the best interest of Collin County.

1.7 All IFB's, RFP's, CSP's, RFQ's, and RFI's submitted in hard copy paper form shall be submitted in a sealed envelope, plainly marked on the outside with the IFB/RFP/RFQ/RFI/CSP/Quotation number and name. A hard copy paper form submittal shall be manually signed in ink by a person having the authority to bind the firm in a contract. Submittals shall be mailed or hand delivered to the Collin County Purchasing Department.

1.8 No oral, telegraphic or telephonic submittals will be accepted. IFB's, RFP's, RFQ's, CSP's, and RFI's, may be submitted in electronic format via **BidSync**.

1.9 All Invitation For Bids (IFB), Request For Proposals (RFP), Request For Qualifications (RFQ), Competitive Sealed Proposals (CSP), and Request For Information (RFI), submitted electronically via **BidSync** shall remain locked until official date and time of opening as stated in the Special Terms and Conditions of the IFB, RFP, RFQ, CSP, and/or RFI.

1.10 Time/date stamp clock in Collin County Purchasing Department shall be the official time of receipt for all Invitation For Bids (IFB), Request For Proposals (RFP), Request For Qualifications (RFQ), Competitive Sealed Proposals (CSP), Request For Information (RFI), submitted in hard copy paper form. IFB's, RFP's, RFQ's, CSP's, RFI's, received in County Purchasing Department after submission deadline shall be considered void and unacceptable. Absolutely no late submittals will be considered. Collin County accepts no responsibility for technical difficulties related to electronic submittals.

1.11 For hard copy paper form submittals, any alterations made prior to opening date and time must be initialed by the signer of the IFB/RFQ/RFP/CSP/RFI/, guaranteeing authenticity. Submittals cannot be altered or amended after submission deadline.

1.12 Collin County is by statute exempt from the State Sales Tax and Federal Excise Tax; therefore, the prices submitted shall not include taxes.

1.13 Any interpretations, corrections and/or changes to an Invitation For Bid/Request For Qualifications/Request For Proposal/Request for Information/Competitive Sealed Proposal, and related Specifications or extensions to the opening/receipt date will be made by addenda to the respective document by the Collin County Purchasing Department. Questions and/or clarification requests must be submitted no later than seven (7) days prior to the opening/receipt date. Those received at a later date may not be addressed prior to the public opening. Sole authority to authorize addenda shall be vested in Collin County Purchasing Agent as entrusted by the Collin County Commissioners' Court. Addenda may be transmitted electronically via **BidSync**, by facsimile, E-mail transmission or mailed via the US Postal Service.

1.13.1 Addenda will be transmitted to all that are known to have received a copy of the IFB/RFQ/RFP/RFI/CSP and related Specifications. However, it shall be the sole responsibility of the Bidder/Quoter/Offeror to verify issuance/non-issuance of addenda and to check all avenues of document availability (i.e. **BidSync** at www.bidsync.com, telephoning Purchasing Department directly, etc.) prior to opening/receipt date and time to insure Bidder/Quoter/Offeror's receipt of any addenda issued. Bidder/Quoter/Offeror shall acknowledge receipt of all addenda.

1.14 All materials and services shall be subject to Collin County approval.

1.15 Collin County reserves the right to make award in whole or in part as it deems to be in the best interest of the County.

1.16 The Bidder/Quoter/Offeror shall comply with Commissioners' Court Order No. 96-680-10-28, Establishment of Guidelines & Restrictions Regarding the Acceptance of Gifts by County Officials & County

Employees.

1.17 Any reference to model/make and/or manufacturer used in specifications is for descriptive purposes only. Products/materials of like quality will be considered.

1.18 Bidders/Quoters/Offerors taking exception to the specifications shall do so at their own risk. By offering substitutions, Bidder/Quoter/Offeror shall state these exceptions in the section provided in the IFB/RFQ/RFP/CSP/Quotation or by attachment. Exception/substitution, if accepted, must meet or exceed specifications stated therein. Collin County reserves the right to accept or reject any and/or all of the exception(s)/substitution(s) deemed to be in the best interest of the County.

1.19 Minimum Standards for Responsible Prospective Bidders/Quoters/Offerors: A prospective Bidder/Quoter/Offeror must meet the following minimum requirements:

1.19.1 have adequate financial resources, or the ability to obtain such resources as required;

1.19.2 be able to comply with the required or proposed delivery/completion schedule;

1.19.3 have a satisfactory record of performance;

1.19.4 have a satisfactory record of integrity and ethics;

1.19.5 be otherwise qualified and eligible to receive an award.

Collin County may request documentation and other information sufficient to determine Bidder's/Quoter's/Offeror's ability to meet these minimum standards listed above.

1.20 Vendor shall bear any/all costs associated with its preparation of an RFI/IFB/RFQ/RFP/CSP/Quotation submittal.

1.21 Public Information Act: Collin County is governed by the Texas Public Information Act, Chapter 552 of the Texas Government Code. All information submitted by prospective bidders during the bidding process is subject to release under the Act.

1.22 The Bidder/Quoter/Offeror shall comply with Commissioners' Court Order No. 2004-167-03-11, County Logo Policy.

1.23 Interlocal Agreement: Successful bidder agrees to extend prices and terms to all entities that has entered into or will enter into joint purchasing interlocal cooperation agreements with Collin County.

1.24 Bid Openings: All bids submitted will be read at the county's regularly scheduled bid opening for the designated project. However, the reading of a bid at bid opening should be not construed as a comment on the responsiveness of such bid or as any indication that the county accepts such bid as responsive.

The county will make a determination as to the responsiveness of bids submitted based upon compliance with all applicable laws, Collin County Purchasing Guidelines, and project documents, including but not limited to the project specifications and contract documents. The county will notify the successful bidder upon award of the contract and, according to state law; all bids received will be available for inspection at that time.

2.0 TERMS OF CONTRACT

2.1 A bid/quote/proposal, when properly accepted by Collin County, shall constitute a contract equally binding between the Vendor/Contractor/Provider and Collin County. No different or additional terms will become part of this contract with the exception of an Amendment and/or a Change Order.

2.2 No oral statement of any person shall modify or otherwise change, or affect the terms, conditions or specifications stated in the resulting contract. All Amendments and/or Change Orders to the contract will be made in writing by Collin County Purchasing Agent.

2.3 No public official shall have interest in the contract, in accordance with Vernon's Texas Codes Annotated, Local Government Code Title 5, Subtitle C, Chapter 171.

2.4 The Vendor/Contractor/Provider shall comply with Commissioners' Court Order No. 96-680-10-28, Establishment of Guidelines & Restrictions Regarding the Acceptance of Gifts by County Officials & County Employees.

2.5 Design, strength, quality of materials and workmanship must conform to the highest standards of manufacturing and engineering practice.

2.6 Bids/Quotes/Proposals must comply with all federal, state, county and local laws concerning the type(s) of product(s)/service(s)/equipment/project(s) contracted for, and the fulfillment of all ADA (Americans with Disabilities Act) requirements.

2.7 All products must be new and unused, unless otherwise specified, in first-class condition and of current manufacture. Obsolete products, including products or any parts not compatible with existing hardware/software configurations will not be accepted.

2.8 Vendor/Contractor/Provider shall provide any and all notices as may be required under the Drug-Free Work Place Act of 1988, 28 CFR Part 67, Subpart F, to its employees and all sub-contractors to insure that Collin County maintains a drug-free work place.

2.9 Vendor/Contractor/Provider shall defend, indemnify and save harmless Collin County and all its officers, agents and employees and all entities, their officers, agents and employees who are participating in this contract from all suits, claims, actions, damages (including personal injury and or property damages), or demands of any character, name and description, (including attorneys' fees, expenses and other defense costs of any nature) brought for or on account of any injuries or damages received or sustained by any person, persons, or property on account of Vendor/Contractor/Provider's breach of the contract arising from an award, and/or any negligent act, error, omission or fault of the Vendor/Contractor/Provider, or of any agent, employee, subcontractor or supplier of Vendor/Contractor/Provider in the execution of, or performance under, any contract which may result from an award. Vendor/Contractor/Provider shall pay in full any judgment with costs, including attorneys' fees and expenses which are rendered against Collin County and/or participating entities arising out of such breach, act, error, omission and/or fault.

2.10 If a contract, resulting from a Collin County IFB, RFP, RFQ, CSP, Quotation is for the execution of a public work, the following shall apply:

2.10.1 In accordance with V.T.C.A. 2253.021, a governmental agency that makes a public work contract with a prime contractor shall require the contractor, before beginning work, to execute to the governmental entity a Payment Bond if the contract is in excess of \$25,000.00. Such bond shall be in the amount of the contract payable to the governmental entity and must be executed by a corporate surety in accordance with Section 1, Chapter 87, Acts of the 56th Legislature, Regular Session, 1959 (Article 7.19-1 Vernon's Texas Insurance Code).

2.10.2 In accordance with V.T.C.A. 2253.021, a governmental agency that makes a public work contract with a prime contractor shall require the contractor, before beginning work, to execute to the governmental entity a Performance Bond if the contract is in excess of \$100,000.00. Such bond shall be in the amount of the contract payable to the governmental entity and must be executed by a corporate surety in accordance with Section 1, Chapter 87, Acts of the 56th Legislature, Regular Session, 1959 (Article 7.19-1 Vernon's Texas Insurance Code).

2.11 Purchase Order(s) shall be generated by Collin County to the vendor. Collin County will not be responsible for any orders placed/delivered without a valid purchase order number.

2.12 The contract shall remain in effect until any of the following occurs: delivery of product(s) and/or completion and acceptance by Collin County of product(s) and/or service(s), contract expires or is terminated by either party with thirty (30) days written notice prior to cancellation and notice must state therein the reasons for such cancellation. Collin County reserves the right to terminate the contract immediately in the event the Vendor/Contractor/Provider fails to meet delivery or completion schedules, or otherwise perform in accordance with the specifications. Breach of contract or default authorizes the County to purchase elsewhere and charge the full increase in cost and handling to the defaulting Vendor/Contractor/Provider.

2.13 Collin County Purchasing Department shall serve as Contract Administrator or shall supervise agents designated by Collin County.

2.14 All delivery and freight charges (FOB Inside delivery at Collin County designated locations) are to be included as part of the bid/quote/proposal price. All components required to render the item complete, installed and operational shall be included in the total bid/quote/proposal price. Collin County will pay no additional freight/delivery/installation/setup fees.

2.15 Vendor/Contractor/Provider shall notify the Purchasing Department immediately if delivery/completion schedule cannot be met. If delay is foreseen, the Vendor/Contractor/Provider shall give written notice to the Purchasing Agent. The County has the right to extend delivery/completion time if reason appears valid.

2.16 The title and risk of loss of the product(s) shall not pass to Collin County until Collin County actually receives and takes possession of the product(s) at the point or points of delivery. Collin County shall generate a purchase order(s) to the Vendor/Contractor/Provider and the purchase order number must appear on all itemized invoices.

2.17 Invoices shall be mailed directly to the Collin County Auditor's Office, 2300 Bloomdale Road, Suite 3100, McKinney, Texas 75071. All invoices shall show:

2.17.1 Collin County Purchase Order Number;

2.17.2 Vendor's/Contractor's/Provider's Name, Address and Tax Identification Number;

2.17.3 Detailed breakdown of all charges for the product(s) and/or service(s) including applicable time frames.

2.18 Payment will be made in accordance with V.T.C.A., Government Code, Title 10, Subtitle F, Chapter 2251.

2.19 All warranties shall be stated as required in the Uniform Commercial Code.

2.20 The Vendor/Contractor/Provider and Collin County agree that both parties have all rights, duties, and remedies available as stated in the Uniform Commercial Code.

2.21 The Vendor/Contractor/Provider agree to protect Collin County from any claims involving infringements of patents and/or copyrights.

2.22 The contract will be governed by the laws of the State of Texas. Should any portion of the contract be in conflict with the laws of the State of Texas, the State laws shall invalidate only that portion. The remaining portion of the contract shall remain in effect. The contract is performable in Collin County, Texas.

2.23 The Vendor/Contractor/Provider shall not sell, assign, transfer or convey the contract, in whole or in part, without the prior written approval from Collin County.

2.24 The apparent silence of any part of the specification as to any detail or to the apparent omission from it of a detailed description concerning any point, shall be regarded as meaning that only the best commercial practices are to prevail. All interpretations of the specification shall be made on the basis of this statement.

2.25 Vendor/Contractor/Provider shall not fraudulently advertise, publish or otherwise make reference to the existence of a contract between Collin County and Vendor/Contractor/Provider for purposes of solicitation. As exception, Vendor/Contractor/Provider may refer to Collin County as an evaluating reference for purposes of establishing a contract with other entities.

2.26 The Vendor/Contractor/Provider understands, acknowledges and agrees that if the Vendor/Contractor/Provider subcontracts with a third party for services and/or material, the primary Vendor/Contractor/Provider (awardee) accepts responsibility for full and prompt payment to the third party. Any dispute between the primary Vendor/Contractor/Provider and the third party, including any payment dispute, will be promptly remedied by the primary vendor. Failure to promptly render a remedy or to make prompt payment to the third party (subcontractor) may result in the withholding of funds from the primary Vendor/Contractor/Provider by Collin County for any payments owed to the third party.

2.27 Vendor/Contractor/Provider shall provide Collin County with diagnostic access tools at no additional cost to Collin County, for all Electrical and Mechanical systems, components, etc., procured through this contract.

2.28 Criminal History Background Check: If required, ALL individuals may be subject to a criminal history background check performed by the Collin County's Sheriff's Office prior to access being granted to Collin County. Upon request, Vendor/Contractor/Provider shall provide list of individuals to Collin County Purchasing Department within five (5) working days.

2.29 Non-Disclosure Agreement: Where applicable, vendor shall be required to sign a non-disclosure agreement acknowledging that all information to be furnished is in all respects confidential in nature, other than information which is in the public domain through other means and that any disclosure or use of same by vendor, except as provided in the contract/agreement, may cause serious harm or damage to Collin County. Therefore, Vendor agrees that Vendor will not use the information furnished for any purpose other than that stated in contract/agreement, and agrees that Vendor will not either directly or indirectly by agent, employee, or representative disclose this information, either in whole or in part, to any third party, except on a need to know basis for the purpose of evaluating any possible transaction. This agreement shall be binding upon Collin County and Vendor, and upon the directors, officers, employees and agents of each.

2.30 Vendors/Contractors/Providers must be in compliance with the Immigration and Reform Act of 1986 and all employees specific to this solicitation must be legally eligible to work in the United States of America.

2.31 Certification of Eligibility: This provision applies if the anticipated Contract exceeds \$100,000.00 and as it relates to the expenditure of federal grant funds. By submitting a bid or proposal in response to this solicitation, the Bidder/Quoter/Offeror certifies that at the time of submission, he/she is not on the Federal Government's list of suspended, ineligible, or debarred contractors. In the event of placement on the list between the time of bid/proposal submission and time of award, the Bidder/Quoter/Offeror will notify the Collin County Purchasing Agent. Failure to do so may result in terminating this contract for default.

2.32 Notice to Vendors/Contractors/Providers delivering goods or performing services within the Collin County Detention Facility: The Collin County Detention Facility houses persons who have been charged with and/or convicted of serious criminal offenses. When entering the Detention Facility, you could: (1) hear obscene or graphic language; (2) view partially clothed male inmates; (3) be subjected to verbal abuse or taunting; (4) risk physical altercations or physical contact, which could be minimal or possibly serious; (5) be exposed to communicable or infectious diseases; (6) be temporarily detained or prevented from immediately leaving the Detention Facility in the case of an emergency or "lockdown"; and (7) subjected to a search of your person or property. While the Collin County Sheriff's Office takes every reasonable precaution to protect the safety of visitors to the Detention Facility, because of the inherently dangerous nature of a Detention Facility and the type of the persons incarcerated therein, please be advised of the possibility of such situations exist and you should carefully consider such risks when entering the Detention Facility. By entering the Collin County Detention

Facility, you acknowledge that you are aware of such potential risks and willingly and knowingly choose to enter the Collin County Detention Facility.

2.33 Delays and Extensions of Time when applicable:

2.33.1 If the Vendor/Contractor/Provider is delayed at any time in the commence or progress of the Work by an act or neglect of the Owner or Architect/Engineer, or of an employee of either, or of a separate contractor employed by the Owner, or by changes ordered in the Work, or by labor disputes, fire, unusual delay in deliveries, unavoidable casualties or other causes beyond the Vendor/Contractor/Provider's control, or by delay authorized by the Owner pending mediation and arbitration, or by other causes which the Owner or Architect/Engineer determines may justify delay, then the Contract Time shall be extended by Change Order for such reasonable time as the Owner/Architect may determine.

2.33.2 If adverse weather conditions are the basis for a Claim for additional time, such Claim shall be documented by data substantiating that weather conditions were abnormal for the period of time and could not have been reasonably anticipated, and that the weather conditions had an adverse effect on the scheduled construction.

NOTE: All other terms and conditions (i.e. Insurance Requirements, Bond Requirements, etc.) shall be stated in the individual IFB/RFQ/RFP/RFI/CSP/Quotation Solicitation documents as Special Terms, Conditions and Specifications.

3.0 INSURANCE REQUIREMENTS

3.1 Before commencing work, the vendor shall be required, at its own expense, to furnish the Collin County Purchasing Agent with certified copies of all insurance certificate(s) indicating the coverage to remain in force throughout the term of this contract.

3.1.1 Commercial General Liability insurance at minimum combined single limits of (\$1,000,000 per-occurrence and \$2,000,000 general aggregate) for bodily injury and property damage, which coverage shall include products/completed operations at \$1,000,000 per occurrence. Coverage must be written on an occurrence form.

3.1.2 Workers Compensation insurance at statutory limits, including employers liability coverage at minimum limits. In addition to these, the contractor must meet each stipulation below as required by the Texas Workers Compensation Commission; (Note: If you have questions concerning these requirements, you are instructed to contact the TWCC at (512)440-3789).

3.1.2.1 Definitions: Certificate of coverage ("certificate"); A copy of a certificate of authority of self-insure issued by the commission, or a coverage agreement (TWCC-81, TWCC-82, TWCC-83, OR TWCC-84), showing statutory workers compensation insurance coverage for the person's or entity's employees providing services on a project, for the duration of the project.

Duration of the project includes the time from the beginning of the work on the project until the contractor's/person's work on the project has been completed and accepted by the governmental entity.

Persons providing services on the project ("subcontractor" in 406.096) includes all persons or entities performing all or part of the services the contractor has undertaken to perform on the project, regardless of whether that person has employees. This includes, without limitation, independent contractors, subcontractors, leasing companies, motor carriers, owner-operators, employees of any such entity, or employees of any entity which furnishes persons to provide services on the project. "Services" include, without limitation, providing, hauling, or delivering equipment or materials, or providing labor, transportation, or other service related to a project. "Services" does not include activities unrelated to the project, such as food/beverage vendors, office supply deliveries, and delivery of portable toilets.

3.1.2.2 The contractor shall provide coverage, based on proper reporting of classification codes and payroll amounts and filing of any coverage agreements, which meets the statutory requirements of Texas Labor Code, Section 401.011(44) for all employees of the contractor providing services on the project, for the duration of the project.

3.1.2.3 The Contractor must provide a certificate of coverage to the governmental entity prior to being awarded the contract.

3.1.2.4 If the coverage period shown on the contractor's current certificate of coverage ends during the duration of the project, the contractor must, prior to the end of the coverage period, file a new certificate of coverage with the governmental entity showing that coverage has been extended.

3.1.2.5 The contractor shall obtain from each person providing services on a project, and provide to the governmental entity:

3.1.2.5.1 A certificate of coverage, prior to that person beginning work on the project, so the governmental entity will have on file certificates of coverage showing coverage for all persons providing services on the project; and

3.1.2.5.2 no later than seven (7) days after receipt by the contractor, a new certificate of coverage showing extension of coverage, if the coverage period shown on the current certificate of coverage ends during the duration of the project.

3.1.2.6 The contractor shall retain all required certificates of coverage for the duration of the project and for one year thereafter.

3.1.2.7 The contractor shall notify the governmental entity in writing by certified mail or personal delivery, within ten (10) days after the contractor knew or should have known, of any change that materially affects the provision of coverage of any person providing services on the project.

3.1.2.8 The contractor shall post on each project site a notice, in the text, form and manner prescribed by the Texas Workers Compensation Commission, informing all persons providing services on the project that they are required to be covered, and stating how a person may verify coverage and report lack of coverage.

3.1.2.9 The contractor shall contractually require each person with whom it contracts to provide services on a project, to:

3.1.2.9.1 provide coverage, based on proper reporting of classification codes and payroll amounts and filing of any coverage agreements, which meets the statutory requirements of Texas Labor Code, Section 401.011(44) for all of its employees providing services on the project, for the duration of the project;

3.1.2.9.2 provide to the contractor, prior to that person beginning work on the project, a certificate of coverage showing that coverage is being provided for all employees of the person providing services on the project, for the duration of the project;

3.1.2.9.3 provide the contractor, prior to the end of the coverage period, a new certificate of coverage showing extension of coverage, if the coverage period shown on the current certificate of coverage ends during the duration of the project;

3.1.2.9.4 obtain from each other person with whom it contracts, and provide to the contractor:

3.1.2.9.4.1 a certificate of coverage, prior to the other person beginning work on the project; and

3.1.2.9.4.2 a new certificate of coverage showing extension of coverage, prior to the end of the coverage period, if the coverage period shown on the current certificate of coverage ends during the duration of the project;

3.1.2.9.5 retain all required certificates of coverage on file for the duration of the project and for one year thereafter;

3.1.2.9.6 notify the governmental entity in writing by certified mail or personal delivery, within ten (10) days after the person knew or should have known, of any change that materially affects the provision of coverage of any person providing services on the project; and

3.1.2.9.7 contractually require each person with whom it contracts, to perform as required by paragraphs 3.1.2.1 through 3.1.2.7, with the certificates of coverage to be provided to the person for whom they are providing services.

3.1.2.10 By signing this contract or providing or causing to be provided a certificate of coverage, the contractor is representing to the governmental entity that all employees of the contractor who will provide services on the project will be covered by workers compensation coverage for the duration of the project, that the coverage will be based on proper reporting of classification codes and payroll amounts, and that all coverage agreements will be filed with the appropriate insurance carrier or, in the case of a self-insured, with the

commission's Division of Self-Insurance Regulation. Providing false or misleading information may subject the contractor to administrative penalties, criminal penalties, civil penalties, or other civil actions.

3.1.2.11 The contractor's failure to comply with any of these provisions is a breach of contract by the contractor which entitles the governmental entity to declare the contract void if the contractor does not remedy the breach within ten (10) days after receipt of notice of breach from the governmental entity.

3.1.3 Commercial Automobile Liability insurance shall be no less than \$500,000 combined single limits per accident for bodily injury and property damage, including owned, non-owned, and hired vehicle coverage.

3.2 The required limits may be satisfied by any combination of primary, excess or umbrella liability insurances, provided the primary policy complies with the above requirements and the excess umbrella is following form. The vendor may maintain reasonable and customary deductibles, subject to approval by Collin County.

3.3 With reference to the foregoing insurance requirement, the vendor shall endorse applicable insurance policies as follows:

3.3.1 A waiver of subrogation in favor of Collin County, its officials, employees, volunteers and officers shall be contained in the workers compensation coverage.

3.3.2 The vendor's insurance coverage shall name Collin County as additional insured under the General Liability policy.

3.3.3 All insurance policies shall be endorsed to the effect that Collin County will receive at least thirty (30) days notice prior to cancellation, non-renewal or termination of the policy.

3.3.4 All copies of Certificates of Insurance shall reference the project/contract number.

3.4 All insurance shall be purchased from an insurance company that meets the following requirements:

3.4.1 A financial rating of B+VI or better as assigned by the BEST Rating Company or equivalent.

3.5 Certificates of Insurance shall be prepared and executed by the insurance company or its authorized agent, and shall contain provisions representing and warranting the following:

3.5.1 Sets forth all endorsements and insurance coverages according to requirements and instructions contained herein.

3.5.2 Sets forth the notice of cancellation or termination to Collin County.

4.4 Funding: Funds for payment have been provided through the Collin County budget approved by the Commissioners' Court for this fiscal year only. State of Texas statutes prohibit the County from any obligation of public funds beyond the fiscal year for which a budget has been approved. Therefore, anticipated orders or other obligations that may arise past the end of the current Collin County fiscal year shall be subject to budget approval.

4.5 Delivery/Completion/Response Time: Vendor shall place product(s) and/or complete services at the County's designated location within the calendar days specified on the Collin County purchase order.

4.6 Service Location: Location for service is the Collin County Central Plant, 4600 Community Ave., McKinney, TX 75071. Price bid shall be a turnkey waterproofing solution.

4.7 Samples/Demos: When requested, color samples/demos shall be furnished to the County at no expense.

4.8 Descriptive Literature: Each bidder is requested to submit with this bid descriptive literature sufficient in detail to enable an intelligent comparison of the specification of the product(s) bid. Failure to provide literature with this Invitation for Bid may result in rejection of the bid or that part of the bid.

4.9 The Contractor shall post with Owner, not later than ten (10) consecutive calendar days of Collin County Commissioners' Court award of Contract, a Payment Bond in the amount of one hundred percent (100%) of the total contract price in such form as is satisfactory to Owner, in compliance with Chapter 2253 of the Texas Government Code and all other applicable Texas Law, and on the form specified in the Contract Documents. This bond shall be executed by a corporate surety company duly authorized and admitted to do business in the State of Texas and licensed to issue such a bond in the State of Texas. The Contractor shall notify its corporate surety of any Contract changes.

4.10 Licenses: Successful bidder shall possess a Texas Air Conditioning and Refrigeration Class A license with an environmental air conditioning endorsement. Copy of license must be submitted at the time of bid submission.

4.11 Specification: Provide manpower, equipment, tools and materials to perform and complete waterproof sealing of the upper walls of below ground cooling tower at Central Plant and repair damage from traffic and equipment (scaffolding/ladders, etc.) in lower basin of cooling tower pertaining to these repairs. Approximate square footage of waterproofing is 1985 sq. ft. (see Attachment A).

- 4.11.1 Bidder will need to remove the fill material and mist eliminator to access the walls in the upper portion of the cooling tower. The volume of fill and mist eliminator should show in the drawings (Attachment A). The coating will need to be removed and replaced all the way up to the fans. Some spray heads may need to be removed also.
- 4.11.2 Remove existing coating of upper walls (see Attachment B).
- 4.11.3 Sandblast walls to clean.
- 4.11.4 Patch and seal around beams, pipe penetrations or any hole or seam in walls that are a weak point for leaking with appropriate grade cement.
- 4.11.5 Apply waterproofing primer coating and then finish with a topcoat of proper sealing materials.
 - 4.11.5.1 Tremco Vulkem Primer No. 171 or approved equal, (one coat)
 - 4.11.5.2 Tremco Vulkem Base No. 350R or approved equal, (one coat)
 - 4.11.5.3 Tremco Vulkem Top Coat No. 951 or approved equal, (one coat)
- 4.11.6 Inspect lower basin of tower after completing upper wall work for any existing obvious bubbles and inject and repair as is necessary and repair in lower basin floor and walls any damage from traffic and equipment used in repair of upper walls.
- 4.11.7 Minimum Warranty: 10 year

COMPANY INFORMATION/PROFILE/REFERENCES

Preferential Requirement: The County of Collin, as a governmental agency of the State of Texas, may not award a contract to a nonresident bidder unless the nonresident's bid is lower than the lowest bid submitted by a responsible Texas resident bidder by the same amount that a Texas resident bidder would be required to underbid a nonresident bidder to obtain a comparable contract in the state in which the nonresident's principal place of business is located (Government Code, Title 10, V.T.C.A., Chapter 2252, Subchapter A). Bidder shall make answer to the following questions by selecting the appropriate radio button or inserting information in the box provided:

Is your principal place of business in the State of Texas? Yes No

If the answer to question is "yes", no further information is necessary; if "no", please indicate:

in which state is your principal place of business is located:

if that state favors resident bidders (bidders in your state) by some dollar increment or percentage: Yes No

if "yes", what is that dollar increment or percentage?

ACCOGUARDTM

Single-component, chemically-cured urethane coatings for roofs, parking structures, pedestrian decks, plazas and reflecting pools.

**Quick, easy application.
Unsurpassed durability.
Only Accoguard™ gives you both.**

When choosing coatings the alternatives were always:

- toughness or elasticity
 - outgassing or 2-component
 - fast cure or heavy millages
- But not anymore.

Because now there's Accoguard. Coatings that go on fast and easy in any application—yet tough enough to outlast all other systems.

Single-component, chemically-cured formula for fast, easy application.

Accoguard's advanced technology enables a chemically-cured urethane to be shipped in a single component package.

Because it's a single component, there's no messy, time-consuming on-site blending. You simply stir as you would paint—to apply the primer, membrane, and finish coats that your application requires.

But that's just the beginning. Accoguard's unique catalyst eliminates the outgassing common to other single component coatings, so heavier single coat millages are applied—cutting down the total number of coats needed. Because it chemically cures, you spend less time waiting between coats and get the job done faster, plus with Accoguard, you can work in temperatures as low as 32°F.

Nothing outlasts Accoguard.

Regardless of the application—pedestrian, vehicular or roofing—the specified Accoguard coating meets or exceeds every performance characteristic of conventional coatings.

That's because Accoguard's advanced technology combines high tensile strength with high elongation in a single product. Equally important, Accoguard's series of single-component epoxy and urethane primers provide superior adhesion because they are designed to penetrate the substrate and chemically bond to the coating.

And while Accoguard is tough, it never gets brittle. In fact, it's flexible enough to sustain movement at -50°F—so even the most bitter cold won't crack it. All this means that when properly applied, Accoguard will last at least as long as any coating you've ever used—and quite possibly longer.

The right choice for your application.

There's an Accoguard Coating System that's right for every application: pedestrian areas, vehicular traffic areas, roofs, plazas, even reflecting pools. Aliphatic urethanes are available for applications where long term color stabilization is required.

Accoguard's speed and durability make it the logical choice for new construction. But, it's also perfect for rehabilitation jobs. Accoguard has been proven to prevent normal deterioration of concrete surfaces due to salt water, chemicals, and freeze/thaw cycles. When Accoguard is applied over rehabilitated concrete, it can significantly reduce future corrosion of the reinforcing steel—providing dramatic cost savings over the long haul.

Environmentally Safe.

All Accoguard products meet current VOC standards. When working indoors or in confined spaces, very high solids primers and coatings which are nearly odorless, are available.

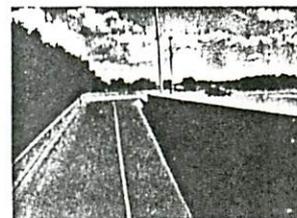

Call American Colloid for more information and the name of the approved applicator in your area.

And specify the one coating that goes on fast, yet lasts, and lasts. Accoguard.

Primers

LDC 1000E

Single-component, epoxy primer used primarily on concrete surfaces. May also be used as a concrete sealer or surface hardener. Complies with NCHRP-244 requirements.

LDC 1000 has distinct advantages when coating in warm weather because in addition to providing excellent adhesion, the product reduces the surface porosity of the concrete so that far less concrete outgassing occurs. The product is approved for use over all concrete surfaces and is the only product approved for coating slab-on-grade, "sandwich" slab construction and submersed coatings. The product complies with the 400 g/l VOC limit for primers and sealers.

LDC 1000U - COLD WEATHER USE

Single-component urethane primer designed to penetrate and adhere to concrete surfaces. The product cures faster than LDC 1000 in colder weather and will also seal concrete surfaces to reduce outgassing. Is approved for use in less demanding situations where concrete is suspended or vented, such as suspended concrete parking slabs, plazas and mechanical rooms. The product complies with the 400 g/l VOC limit for primers and sealers.

LDC 1000 METAL

Single-component primer for adhesion to almost all metal surfaces, including galvanized metals, copper, stainless steel and aluminum. Also provides excellent adhesion to non-metal surfaces and existing coatings. Not approved for use over silicone. The product complies with the 400 g/l VOC limit for primers and sealers.

LDC 1000 VHS

LDC 1000 Very High Solids is a revolutionary primer containing nearly zero VOC. It is ideal for indoor and confined space projects. Provides excellent adhesion to most substrata.

LDC 2000 PRIMER

Single-component, urethane primer used primarily over wood, asphalt and tar surfaces. May also be used as a concrete sealer. Complies with NCHRP-244 requirements. The product complies with the 400 g/l limit for primers and sealers.

Coatings**LDC 5550**

Single-component chemical-cure urethane coating for applications subjected to wear from vehicular and pedestrian traffic. Also for use on balconies. The product has excellent curing properties at low temperatures. It can be applied when the surface temperature is 35°F and the ambient temperature is 40°F and will continue to cure even if the ambient temperature drops below 32°F. The product complies with the 250 g/l VOC limit for traffic coatings.

LDC 5551 TOP COAT

Single-component aromatic urethane coating system designed for roofing applications. The coating offers the same low temperature application advantages as LDC 5550. LDC 5551 Top Coat has excellent UV resistance and can also be used for non-traffic bearing plaza waterproofing. The product complies with the 300 g/l VOC limit for roof coatings.

LDC 5551 BASE COAT

Single-component aromatic urethane coating designed to be an economical base coat for roofing

applications. The coating is not to be left exposed to the elements. It must be re-coated with either LDC 5551 Top Coat or LDC 5560. The product complies with the 300 g/l VOC limit for roof coatings.

LDC 5552

Single-component aromatic urethane designed for indoor use subjected to non-vehicular traffic such as mechanical rooms. Being designed for indoor use it has a high solids content to keep odors to a minimum. The product complies with the 250 g/l VOC limit for traffic coatings.

LDC 5553

Single-component chemical cure polyurethane for use in submersed conditions such as, reflecting pools and water features. Product has excellent UV resistance, does not fade, yellow or chalk. The product must be applied at a minimum surface and ambient temperature of 45°F and when the ambient temperature will not fall below 40° for 24 hours. The product complies with the 250 g/l limit for traffic coatings.

LDC 5554

Single-component chemical-cure urethane coating for applications subjected to wear from vehicular and pedestrian traffic. Also for use on balconies. The product is designed to be installed in high temperature and humidity conditions. It also has excellent curing properties at low temperatures, and can be applied when the surface temperature is 35°F and the ambient temperature is 40°F, and will continue to cure even if the ambient temperature drops below 32°F. The product complies with the 250 g/l VOC limit for traffic coatings.

LDC 5555

Single-component chemical-cure aliphatic based urethane top coat for pedestrian, balcony and pool applications where UV resistance and aesthetic considerations are important. The product must be applied at a minimum surface and ambient temperature of 45°F and when the ambient temperature will not fall below 40° for 24 hours. The product complies with the 250 g/l limit for traffic coatings.

LDC 5560

Single-component aliphatic based urethane coating designed for high profile roofing applications where aesthetic considerations are important. Ideal for coating metal roofs. The product must be applied at a minimum surface and ambient temperature of 45°F and when the ambient temperature will not fall below 40° for 24 hours. LDC 5560 has excellent UV resistance. The product complies with the 300 g/l VOC limit for roof coatings.

3. PRODUCT DESCRIPTION

ACCOGUARD Traffic Bearing Coating System is a fluid-applied elastomeric waterproofing membrane with an integral wearing surface.

Basic Uses: ACCOGUARD Traffic Bearing Coating System is recommended for use on surfaces exposed to vehicular or pedestrian traffic, to protect occupied spaces below from water and to protect concrete from damage due to freeze/thaw cycling or chloride induced corrosion of reinforcing steel. The coating system is designed for use on concrete, plywood, masonry and metal surfaces. A properly designed and applied system will provide a continuous, seamless, waterproof, non-slip durable membrane.

Composition and Materials: ACCOGUARD Traffic Bearing Coating System is composed of unique single component chemical cure polyurethane elastomers, and single component epoxy primer and selected aggregate.

Sizes: The products are shipped in liquid form in either 5 gallon or 55 gallon metal containers.

Color: Standard colors are gray and tan. Other colors are available on special order, pricing subject to inquiry.

Limitations: ACCOGUARD Traffic Bearing System must be applied to hard, smooth, clean, and dry substrates. Concrete surfaces must be cured by an approved curing agent or water curing process. Concrete must be completely cured, dry and uncontaminated to the extent that ordinary alkaline cleaners, muriatic acid, light sandblasting or power blast will properly prepare the surface.

The system is designed to bridge cracks that open up in the substrate up to 1/16" in width. Maximum acceptable width of caulked joints is 1" nominal with a maximum total movement of 25%.

The system cannot be bonded to wax, oils, grease or tar. Minimum surface temperature at the time of application is 40°F (4°C).

4. TECHNICAL DATA

Physical properties of the fluid membrane are presented in Table 1. Test results of the cured coating film are presented in Table 2.

5. INSTALLATION

Licensed Applicator: ACCOGUARD materials are sold through licensed applicators of American Colloid Company having necessary skills and training. Applicators are licensed on a non-exclusive basis.

Preparatory Work: Surface preparation is the key element to assuring a properly applied system. Concrete surfaces should be sandblasted, power blasted or treated with muriatic acid to remove laitence and other contaminants which will affect penetration of the primer. Surfaces shall be uniform, clean, dry and free of ridges, sharp projections or other defects.

Concrete surfaces shall be cured for a minimum of 28 days—water cure treatment is preferred. Concrete should be finished with a power or hand steel trowel followed by a soft hair broom to obtain a light texture (sidewalk) finish.

Methods: ACCOGUARD materials may be applied using squeegee, roller, airless spray or a combination of the above.

Primer: Prime all concrete and masonry surfaces with LDC 1000 applied at a rate of 150 square feet per gallon. Prime metal surfaces with LDC 1000 Metal at a rate of 200 square feet per gallon. Re-prime areas where primer has excessive absorption to produce a shiny surface. Primer may be overcoated when primer is tacky to the touch, but cannot be lifted from the surface. Re-prime all surfaces where primer has been applied in excess of 36 hours.

Detail Work: Apply the recommended dry film thickness of

nonflowing type coating over all flashings as noted on the drawings. Extend coating 2" beyond flashing out onto adjacent deck surface. Unless otherwise indicated on drawings or where limited by height of base, extend coating a minimum of 1" above the top of the flashing and terminate in a straight line. Use masking tape for such purposes.

Apply two (2) liberal coats for a distance of 3" on each side of all cracks and construction joints.

Pedestrian Areas: Apply LDC 5550 at a rate of 83 square feet per gallon to yield a 20 mil base coat. Allow to cure.

Apply LDC 5550 at a rate of 166 square feet per gallon to yield a 10 mil film. While coating is still fluid, broadcast LDC 7000 aggregate at a rate of 15 pounds per 100 square feet. Allow to cure.

Sweep excess aggregate and top-coat with LDC 5550 applied at a rate of 166 square feet per gallon.

On areas where long term aesthetics are valued use LDC 5555 an aliphatic base urethane lock coat. LDC 5555 may be clear where special aggregate is used to provide color.

Allow each layer to cure for 8 hours minimum. At temperatures below 60°F, extend curing time. Allow system to cure for an additional 24 hours minimum prior to subjecting coating to traffic.

Normal Wear Vehicular: Apply LDC 5550 at a rate of 83 square feet per gallon to yield a 20 mil base coat. Allow to cure.

Apply LDC 5550 at a rate of 166 square feet per gallon to yield a 10 mil film. While coating is still fluid, evenly broadcast LDC 7000 aggregate at a rate of 20 pounds per 100 square feet. Allow to cure.

CONTR. - NOTE

Sweep excess aggregate and top-coat with LDC 5550 applied at a rate of 166 square feet per gallon.

Allow each layer to cure for 8 hours minimum. At temperatures below 60°F, extend curing time. Allow system to cure for an additional 24 hour minimum prior to subjecting coating to traffic.

Heavy Duty Vehicular: Apply LDC 5550 at a rate of 66 square feet per gallon to yield a 25 mil base coat. Allow to cure.

Apply LDC 5550 at a rate of 83 square feet per gallon to yield a 20 mil film. While coating is still fluid, evenly broadcast LDC 7000 aggregate at a rate of 40 pounds per 100 square feet. Allow to cure.

Sweep excess aggregate and top-coat with LDC 5550 applied at a rate of 166 square feet per gallon.

Allow each layer to cure for 8 hours minimum. At temperatures below 60°F, extend curing time. Allow system to cure for an additional 24 hours minimum prior to subjecting coating to traffic.

Cleaning: Clean stains from adjacent surfaces with MEK or a 1:1 mix of MEK and toluene or xylene. Damaged, spotted or smeared parts of building and equipment shall be repaired and cleaned by the contractor. Remove foreign matter from finished coating surfaces.

6. AVAILABILITY AND COST

Availability: ACCOGUARD Systems are available through licensed applicators throughout the United States and internationally.

Cost: Installed costs vary due to system type, project size and regional considerations. Budget quotations are available upon request.

All goods sold by seller are warranted to be free from defects in material and workmanship.

The foregoing warranty is in lieu of and excludes all other warranties not expressly set forth herein, whether express or implied by operation of law or otherwise including but not limited to any implied warranties of merchantability or fitness.

Seller shall not be liable for incidental or consequential losses, damages or expenses, directly or indirectly arising from the sale, handling or use of the goods, or from any other cause relating thereto, and seller's liability hereunder in any case is expressly limited to the replacement (in the form originally shipped) of goods not complying with this agreement or at seller's election, to the repayment of, or crediting buyer with, an amount equal to the purchase price of such goods, whether such claims are for breach of warranty or negligence.

Any claim by buyer with reference to the goods sold hereunder for any cause shall be deemed waived by buyer unless submitted to seller in writing within thirty (30) days from date buyer discovered or should

have discovered, any claimed breach.

Materials should be inspected and tested by purchaser prior to their use if product quality is subject to verification after shipment. Performance guarantees are normally supplied by the applicator.

8. MAINTENANCE

The coatings will provide years of continued service if good house-keeping procedures are followed. If damage should occur, repairs are simple and may be performed by maintenance personnel. Damaged areas can be repaired by removing all damaged material, re-priming and the full material thickness replaced. Where a regular maintenance and cleaning program is required, surfaces may be washed with commercial detergents or steam cleaned. All blades on snow removal equipment must be guarded with a ski device at each end of blade to protect surface from contact damage.

9. TECHNICAL SERVICES

Factory trained representatives are established in principal cities and markets throughout the continental United States, Canada and internationally. Factory personnel are available for assistance at any time.

PAYMENT BOND

STATE OF TEXAS -§
COUNTY OF COLLIN -§

KNOW ALL MEN BY THESE PRESENTS:

That [redacted], a corporation organized and existing under the laws of the State of [redacted], and fully authorized to transact business in the State of Texas, whose address is [redacted] of the City of [redacted] County of [redacted], and State of [redacted], (hereinafter referred to as "Principal"), and [redacted] (hereinafter referred to as "Surety", a corporation organized under the laws of the State of [redacted] and authorized under the laws of the State of Texas to act as surety on bonds for principals, are held and firmly bound unto [redacted] (hereinafter referred to as "Owner") and unto all persons, firms and corporations who may furnish materials for or perform labor upon the buildings, structures or improvements referred to in the attached Contract, , in the penal sum of [redacted] Dollars (\$ [redacted]) (not less than 100% of the approximate total amount of the Contract as evidenced in the proposal) in lawful money of the United States, for the payment whereof, the said Principal and Surety bind themselves, and their heirs, administrators, executors, successors, and assigns, jointly and severally, firmly by these presents:

WHEREAS, the Principal has entered into a certain written contract with the Owner, dated the [redacted] day of [redacted], 200[redacted], to which said Contract is hereby referred to and made a part hereof and as fully and to the same extent as if copied at length herein for the construction of [redacted].

NOW, THEREFORE, THE CONDITION OF THIS OBLIGATION IS SUCH, that the bond guarantees the full and proper protection of all claimants supplying labor and material in the prosecution of the work provided for in said Contract and for the use of each claimant, and that conversely should the Principal faithfully perform said Contract and in all respects duly and faithfully observe and perform all and singular the covenants, conditions, and agreements in and by said Contract, agreed to by the Principal, and according to the true intent and meaning of said Contract and the claims and specifications hereto annexed, and any and all duly authorized modifications of said Contract that may hereafter be made, notice of which modification to Surety being hereby waived, then this obligation shall be void; otherwise, to remain in full force and effect. Provided further, that if any legal action be filed on this Bond, venue shall lie in Collin County, Texas.

"PROVIDED, HOWEVER, that this bond is executed pursuant to the provisions Texas Government Code, Chapter 2253, as amended, and Chapter 3503 of the Texas Insurance Code, as amended, and all liabilities on this bond shall be determined in accordance with the provisions of said articles to the same extent as if they were fully copied at length herein.

Surety, for value received, stipulates and agrees that the bond shall automatically be increased by the amount of any Change Order or supplemental agreement which increases the Contract price with or without notice to the Surety and that no change, extension of time, alteration or addition to the terms of the Contract, or to the work performed thereunder, or the plans, specifications, or drawings accompanying the same, shall in anyway affect its obligation on this bond, and it does hereby waive notice of any such change, extension of time, alteration or addition to the terms of the Contract, or to the work to be performed thereunder.

The undersigned and designated agent is hereby designated by Surety herein as the agent resident to whom any requisite notice may be delivered and on whom service of process may be had in matters arising out of such suretyship.

IN WITNESS WHEREOF, the said Principal and Surety have signed and sealed this instrument this [redacted] day of [redacted] 200[redacted].

Form **W-9**
(Rev. October 2007)
Department of the Treasury
Internal Revenue Service

Request for Taxpayer Identification Number and Certification

**Give form to the
requester. Do not
send to the IRS.**

Print or type See Specific Instructions on page 2.	Name (as shown on your income tax return)	
	Business name, if different from above	
	Check appropriate box: <input type="checkbox"/> Individual/Sole proprietor <input type="checkbox"/> Corporation <input type="checkbox"/> Partnership <input type="checkbox"/> Limited liability company. Enter the tax classification (D=disregarded entity, C=corporation, P=partnership) ▶ <input type="checkbox"/> Other (see instructions) ▶	<input type="checkbox"/> Exempt payee
	Address (number, street, and apt. or suite no.)	Requester's name and address (optional)
	City, state, and ZIP code	
List account number(s) here (optional)		

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on Line 1 to avoid backup withholding. For individuals, this is your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the Part I Instructions on page 3. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN* on page 3.

Note. If the account is in more than one name, see the chart on page 4 for guidelines on whose number to enter.

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me), and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding, and
3. I am a U.S. citizen or other U.S. person (defined below).

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the Certification, but you must provide your correct TIN. See the instructions on page 4.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income.

Note. If a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax on any foreign partners' share of income from such business. Further, in certain cases where a Form W-9 has not been received, a partnership is required to presume that a partner is a foreign person, and pay the withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid withholding on your share of partnership income.

The person who gives Form W-9 to the partnership for purposes of establishing its U.S. status and avoiding withholding on its allocable share of net income from the partnership conducting a trade or business in the United States is in the following cases:

- The U.S. owner of a disregarded entity and not the entity,
