09 May 2012

TO Judge Self and Commissioners' Court  
FROM Jon Kleinheksel, Public Works Director   
RE Request for Surplus Equipment Donation

Chief Cameron Brooks of the Josephine Volunteer Fire Department has requested a donation of several pieces of surplus emergency vehicle equipment. A copy of his request is attached, as well as a list of the items he is requesting.

These items are all pieces which have little or no value to the County. These items would normally be sold at auction with very little return. All items have been either replaced by current models or are no longer necessary for our applications. The lightbars are models which are not actively supported by the manufacturers. The switchboxes are matched with these lightbars and are of no use to us.

Public Works respectfully requests your consideration and approval of this donation to the Josephine VFD.

Should you require additional information, contact me and I will respond accordingly.
