Re: County Road 474 Upgrade

Public Works has received a written reimbursement request from Bob Passmore. The reimbursement request is for replacement costs of fence materials due to the County Road 474 Upgrade. The reimbursement dollar amount required to compensate Mr. Passmore is calculated as follows:

3,820 ft. -47" Cattle wire with 12 ft. t-post space @ \$2.75 per ft. = \$10,505.00  
1,000 ft. - 5 strand barbed wire with 20 ft. t-post space @ \$2.28 per ft.= \$2,280.00  
1 ea. - "H" braces @ \$331.00 ea. = \$331.00  
13 ea. - Corner braces @ \$420.00 ea. = \$5,460.00  
4 ea. - Pull braces @ \$430.00 ea. = \$1,720.00  
Total = \$20,296.00

While the amount may appear excessive, the alternative would present a far greater burden to the County in the form of road realignment, utilities relocation, and project schedule delays. The fence reimbursement is the cost effective and more expedient course of action. See attached photos for clarification of subject area.

Funds have been budgeted to accommodate construction costs of this project. We recommend your approval of the aforementioned, requested amount of \$20,296.00 to be paid to Bob Passmore.

Should you require additional information, contact me and I will respond accordingly.
