Re: "FYI" Mutual Boundary Road Improvements  
City of Royse City

Royse City has notified Public Works that they have agreed to fund one of the two Mutual Boundary roads in which we share a road boundary.

Royse City has approved funding for their portion of CR 588, (see attached memo). They have elected not to participate in the funding of CR677 citing budgetary constraints and the possibility of future developer aided funding along CR 677. CR 677 is basically a "field road" with little traffic and no citizens residing throughout this stretch of roadway.

Public Works requests Commissioners' Court consideration and approval to facilitate the upgrade of CR588 and accept the terms of the joint agreement (City Council Motion attached) proposed by Royse City.

Should you require additional information, please contact me and I will respond accordingly.
