Gary,

I have discussed this issue with my supervisor and we agree that paving the segment of CR 1105 that crosses the small sliver of the Garland city limits that extends several miles from the main portion of the city provides no benefit to the citizens of Garland; therefore, the City of Garland respectfully declines to participate in the cost of that project. If you have any questions, please give me a call.

Mr. Oliver, at your earliest convenience, will you please send an email acknowledging Garlands denial of participation in cost sharing for CR 1105 so we may move forward with our program? Thanks for your help, Gary.
