Gentlemen~

Please see attachment for mutual boundary details....

Also, any feedback regarding this issue would be greatly appreciated...

I am in the process of updating Commissioner's Court and would like to include a status of your fair City...

As a sidebar, have you guys received any positive feedback from the Lake Road re-hab project? The road/project turned out great!

Jon

Mike, Kevin~

Have you guys had an opportunity to visit with your Council regarding the mutual boundary road participation request?

Would you please provide me with an update as to your course of action regarding this project...

Thanks,

Jon

Gentlemen~

Just a brief FYI as to the Lake Rd. project. As you can glean from Wylie's email, the USACE has allowed Wylie to remove the necessary cedar trees along this stretch of Lake Rd...

Also, we will begin final slush and burn off on Lake Rd tomorrow with the surface treatment to follow shortly thereafter!

You guys should be in high cotton in the very near future....

One last item, have you had an opportunity to discuss the mutual boundary road upgrade request with your council?

I would like to initiate the R-O-W phase of this upgrade in the near future?

Mr. Hopwood,

The trees along Lake Road have been marked. Please take a look at the attached letter. It provides some conditions and limits for removal of trees there.

As we discussed, I will be out at Lake Road at approximately

1500 hrs tomorrow to meet one of your crew leaders. If that time needs to be changed, please leave me a message at 972 442 3141 or send me an email.

Thank you,
