50-60 boxes. I saw the pics this morning and it doesn't look good. We talked specifically about old probate (1920's) records. This will come out of the clerk's record preservation fund.

Is there more information? Are these vital records? How many boxes for \$50,000? Historical records?

Judge Self,
Stacey Kemp contacted me first thing this morning with a bit of an emergency. In the process of moving boxes of records from the UDCF building to the Courthouse, several boxes have been damaged due to the rain last night.

This email is to respectfully request the judge's prior approval for an exemption to the bid process per VTCA LGC 262.024 (a)(3) "an item necessary because of unforeseen damage to public property".

Due to the delicate and historical nature of the records, it is imperative to move quickly to secure a vendor to start the process to dry and preserve these records before any further damage can occur.

At the time of this email we do not have a cost, but estimate that it could be in the \$50,000-\$75,000 range.

I will get with Georgia and/or Nicole to place the ratification on the next available Commissioners Court date.
