Re: FYI
City of St. Paul Mutual Boundary Work & Road Repair Request

Last month, the St. Paul town council passed a resolution authorizing an agreement to participate with our Mutual Boundary Road objective. The council also agreed to Collin County's invitation to participate in a multi-agency effort to reconstruct Skyview Ln and Paul Wilson Rd. Additionally, St. Paul expressed their desire to have Public Works reconstruct St. Paul Rd which is located primarily in the St. Paul city limits.

The following chart provides individual project logistics and costs:

Road	Ownership	Cost
Aztec Trail (CR303)	Mutual Boundary-upgrade	\$8,600
Paul Wilson Rd (CR384)	Multiple Agencies	\$16,532
St. Paul Rd (CR727)	Collin County & St. Paul	\$108,356.96
Total for all 3 roads		\$133,488.96

Rather than request a payback plan, St. Paul has chosen to pay the County for services rendered upon completion of work. Because of current commitments and resource allocations, spring 2013 is the earliest Public Works could schedule these projects. Also, Public Works will deliver a final product that meets all County Road Standards. However, due to many intrinsic variables including:

- Inclement weather
- Traffic patterns
- Soil conditions
- Future road maintenance
- Trees and drainage maintenance

Public Works will not provide a warranty for roads reconstructed within or adjacent to the St. Paul boundaries. (Please note on the court order).

If you have any questions, please do not hesitate to contact me and I will respond accordingly.
