Dear Mr. Bilyeu,

I am requesting that an item be placed on the next available Commissioner's Court agenda for the Commissioner's consideration, and hopefully, approval.

On October 30, The Town of New Hope Council approved Resolution 2012-006, which provided for the transfer of three lots from New Hope to Collin County.

The lots are three right-of-way and common areas (for future right-of-way) lots along CR 408, that had been assigned to New Hope when the plat creating the lots was approved in 2003. During the planning of the CR408 widening and paving projects earlier this year, Mr. Kleinheksel and the Town agreed that it made more sense for the County to own these three lots, and that the Town would begin the process of transferring ownership from New Hope to Collin County.

With this Resolution, we are at the stage of requesting the Commissioners to accept ownership of these lots, hence this request to be placed on their agenda.

Sincerely,

Duke Monson, Director P&Z
