November 27, 2012

The Honorable Judge Drue Bynum  
Grayson County Commissioners Court  
Grayson County Courthouse  
100 W. Houston Street  
Sherman, Texas 75090-6019

Dear Judge Bynum:

Accessible and quality health care in Grayson County is the goal of the Grayson County Medical Society and our parent organization the Texas Medical Association. The Society proudly represents the 249 licensed physicians in Grayson County.

On behalf of the physicians in Grayson County we want to applaud the work of the Grayson County Commissioners Court to stay abreast of the effects of the 1115 Waiver and to help deliver the necessary funding that can be available to assist the citizens of Grayson County with their healthcare needs. We offer our support for any programs that will bring new and effective programs to our county, which increase access and reduce costs.

Please let me know how we can continue our relationship with the Commissioners Court and how we can be of further assistance to you as a part of the Regional Healthcare Partnership #18.

Sincerely,

**GRAYSON COUNTY MEDICAL SOCIETY**

J. Timothy Parker, MD, President
