RE: Amendment to the Department of State Health Services (DSHS)
Immunization Contract #2012-039108, Program Attachment No. 001A

Please approve the amendment to the DSHS Contract #2012-039108, Program Attachment No. 001A. The purpose of the amendment is to revise Exhibit A (Work Plan) to incorporate new federal definition of underinsured.

The most significant change to the contract in comparison to recent years is that “children who have private insurance that covers vaccines will no longer be eligible for low-cost vaccines in public health department clinics, but instead will be referred to their medical home for immunizations services.” This change is effective January 1, 2012.
