Re: County Road 444 Fence Compensation

In spring 2013, CR444 is scheduled to be paved as part of the "50 mile a year" asphalt paving program. Typically, PW asks landowners on the affected road to donate a sliver of land adjacent to the road which allows us to widen it as well as pave it. This often requires us to reposition their fence a predetermined distance at our expense.

Albert Norman with Caron Foundation of Texas, Inc. has requested compensation for the value of their fence in lieu of the County provided replacement fence presumably for the purpose of constructing a more ornate fence in front of their facility. PW staff inspected the property line and calculated the cost to replace the pertinent fence line at \$1,331.00 (Please reference the attached documentation for additional information).

Funds have been budgeted to accommodate this request. Public Works requests Commissioners' Court consideration and approval to reimburse Mr. Norman for the replacement of his fence.
