Dear Jennifer,

The HigherGround recording system and suite of products is distributed within protected marketing territories and vertical markets of proven performance distributor and support companies. The HigherGround solution can only be purchased from Commercial Electronics within the state of Texas. The "System Upgrade" quotes 2102 is an upgrade to your existing system to bring the HigherGround Recorder hardware specifications up to today's support standards and for Next Generation 911 future data recording software requirements.

If you have any questions, feel free to contact me at any time.

Sincerely,
