RE: Sole Source Designation—WestlawNext

Dear Ms. Roberts:

West, the foremost provider of integrated information solutions to the U.S. legal market, has been providing research materials to the legal and professional community for more than 135 years. We are pleased to have the opportunity to provide Collin County with information concerning WestlawNext, West's next generation research solution.

This letter is to confirm West's status as the sole source provider for WestlawNext, which includes the following exclusive features and services, as well as access to exclusive content on Westlaw.

Exclusive Features and Services

- **WestSearch.** WestSearch is the world's most advanced legal search engine. It leverages more than 100 years of West's editorial analysis of the law, and it emulates the best practices of experienced legal researchers. It incorporates the following key components:
 - **West Key Number System**—The West Key Number System is the foundation of WestSearch. Because thousands of West attorney editors have read, summarized, and classified the law by topic for more than 100 years, WestSearch can identify the topics of law best represented by the terms of a search and return highly relevant documents for those topics, even if the documents don't have the terms that were put into the search box.
 - **KeyCite**—KeyCite maps the citation network among all federal and state cases in the West National Reporter System (as well as more than 1 million unpublished cases), federal and state statutes, and thousands of secondary source publications. WestSearch analyzes the rich connections among documents, making results more inclusive and bringing the most relevant documents to the top of the list.
 - **West Secondary Sources**—With thousands of practice guides, legal encyclopedias, and authoritative treatises, WestSearch can find primary law that is heavily discussed in each jurisdiction and detect similar phrases that apply to the concepts in question.

WestSearch employs West's editorial assets much like an expert researcher would—only faster—to find the best documents for a search. It also learns from the research of professional users of WestlawNext, so that the great results delivered today just get better and better.

- **Case Summaries.** These editorially created summaries help researchers to move through result lists efficiently, providing understanding at a glance what a case is about.
- **Visual Indicators.** WestlawNext helps researchers easily determine when they've already viewed or worked with a document. Icons for Already Viewed, Folders, and Notes help researchers to avoid retracing their steps.

- **System Availability.** West's expertly trained staff helps ensure that uninterrupted Westlaw service is provided 24 hours a day, 7 days a week, 365 days a year. In contrast, other computer-assisted legal research providers shut down their systems regularly (e.g., nightly, weekly) for maintenance and updating.
