Re: Reallocation – Concrete Repairs Plano
Project T41501

We currently have an area of concrete designated as a "safety hazard" located in Plano-Building 900 that will require replacement. Due to the increase cost of materials the Project came in over budget; in order to bring the sidewalk up to a safe walking environment we will need additional funding.

Funding is available in completed Project U41013 Account 499-4113-561-75.40; therefore, we are requesting \$11,375.00 be transferred to Project T41501 Account 499-4151-561-75.40. Attached are three (3) different vendor quotes with low being GT Construction.

Should you have any questions, I'm available at your convenience.
