When required, the Subgrantee shall furnish the Department with satisfactory proof of compliance.

ARTICLE 2. STANDARD ASSURANCES

The Subgrantee assures and certifies that it will comply with the regulations, policies, guidelines, and requirements, including 49 CFR Part 18; 49 CFR Part 19 (OMB [Office of Management and Budget] Circular A-110); 49 CFR Part 225 (OMB Circular A-87); OMB Circular A-102; OMB Circular A-21; OMB Circular A-122; OMB Circular A-133; and the Department's Traffic Safety Program Manual, as they relate to the application, acceptance, and use of federal or state funds for this project. Also, the Subgrantee assures and certifies that:

- A. It possesses legal authority to apply for the grant; and that a resolution, motion, or similar action has been duly adopted or passed as an official act of the applicant's governing body, authorizing the filing of the application, including all understandings and assurances contained in the application, and directing and authorizing the person identified as the official representative of the applicant to act in connection with the application and to provide any additional information that may be required.
- B. It and its subcontractors will comply with Title VI of the Civil Rights Act of 1964 (Public Law 88-352), as amended, and in accordance with that Act, no person shall discriminate, on the grounds of race, color, sex, national origin, age, religion, or disability.
- C. It will comply with requirements of the provisions of the Uniform Relocation Assistance and Real Property Acquisitions Act of 1970, as amended; 42 USC (United States Code) §§4601 et seq.; and United States Department of Transportation (USDOT) regulations, "Uniform Relocation and Real Property Acquisition for Federal and Federally Assisted Programs," 49 CFR, Part 24, which provide for fair and equitable treatment of persons displaced as a result of federal and federally assisted programs.
- D. It will comply with the provisions of the Hatch Political Activity Act, which limits the political activity of employees. (See also Article 25, Lobbying Certification.)
- E. It will comply with the federal Fair Labor Standards Act's minimum wage and overtime requirements for employees performing project work.
- F. It will establish safeguards to prohibit employees from using their positions for a purpose that is or gives the appearance of being motivated by a desire for private gain for themselves or others, particularly those with whom they have family, business, or other ties.

Collin County - District Attorney's Office
General

- G. It will give the Department the access to and the right to examine all records, books, papers, or documents related to this Grant Agreement.
- H. It will comply with all requirements imposed by the Department concerning special requirements of law, program requirements, and other administrative requirements.
- I. It recognizes that many federal and state laws imposing environmental and resource conservation requirements may apply to this Grant Agreement. Some, but not all, of the major federal laws that may affect the project include: the National Environmental Policy Act of 1969, as amended, 42 USC §§4321 et seq.; the Clean Air Act, as amended, 42 USC §§7401 et seq. and sections of 29 USC; the Federal Water Pollution Control Act, as amended, 33 USC §§1251 et seq.; the Resource Conservation and Recovery Act, as amended, 42 USC §§6901 et seq.; and the Comprehensive Environmental Response, Compensation, and Liability Act, as amended, 42 USC §§9601 et seq. The Subgrantee also recognizes that the U.S. Environmental Protection Agency, USDOT, and other federal agencies have issued, and in the future are expected to issue, regulations, guidelines, standards, orders, directives, or other requirements that may affect this Project. Thus, it agrees to comply, and assures the compliance of each contractor and each subcontractor, with any federal requirements that the federal government may now or in the future promulgate.
- J. It will comply with the flood insurance purchase requirements of Section 102(a) of the Flood Disaster Protection Act of 1973, 42 USC §4012a(a). Section 102(a) requires, on and after March 2, 1975, the purchase of flood insurance in communities where that insurance is available as a condition for the receipt of any federal financial assistance for construction or acquisition purposes for use in any area that has been identified by the Secretary of the Department of Housing and Urban Development as an area having special flood hazards. The phrase "federal financial assistance" includes any form of loan, grant, guaranty, insurance payment, rebate, subsidy, disaster assistance loan or grant, or any form of direct or indirect federal assistance.
- K. It will assist the Department in its compliance with Section 106 of the National Historic Preservation Act of 1966 as amended (16 USC 470 et seq.), Executive Order 11593, and the Antiquities Code of Texas (National Resources Code, Chapter 191).

This prohibition shall not apply to the employment of a person described in Section 573.062 of the Texas Government Code.
- M. It will ensure that all information collected, assembled, or maintained by the applicant relative to this project shall be available to the public during normal business hours in compliance with Chapter 552 of the Texas Government Code, unless otherwise expressly provided by law.
- N. If applicable, it will comply with Chapter 551 of the Texas Government Code, which requires all regular, special, or called meetings of governmental bodies to be open to the public, except as otherwise provided by law or specifically permitted in the Texas Constitution.

ARTICLE 3. COMPENSATION

- A. The method of payment for this agreement will be based on actual costs incurred up to and not to exceed the limits specified in the Project Budget. The amount included in the Project Budget will be deemed to be an estimate only and a higher amount can be reimbursed, subject to the conditions specified in paragraph B of this Article. If the Project Budget specifies that costs are based on a specific rate, per-unit cost, or other method of payment, reimbursement will be based on the specified method.
- B. All payments will be made in accordance with the Project Budget.
1. The Subgrantee's expenditures may overrun a budget category (I, II, or III) in the approved Project Budget without a grant (budget) amendment, as long as the overrun does not exceed a total of five (5) percent per year of the maximum amount eligible for reimbursement (TxDOT) in the attached Project Budget for the current fiscal year. This overrun must be off-set by an equivalent underrun elsewhere in the Project Budget.
 2. If the overrun is five (5) percent or less, the Subgrantee must provide written notification to the Department, through the TxDOT Electronic Grants Management System (*eGrants*), prior to the Request for Reimbursement being approved. The notification must indicate the amount, the percent over, and the specific reason(s) for the overrun.
 3. Any overrun of more than five (5) percent of the amount eligible for reimbursement (TxDOT) in the attached Project Budget requires an amendment of this Grant Agreement.
 4. The maximum amount eligible for reimbursement shall not be increased above the Grand Total TxDOT Amount in the approved Project Budget, unless this Grant Agreement is amended, as described in Article 5 of this agreement.
 5. For Selective Traffic Enforcement Program (STEP) grants *only*: In the Project Budget, Subgrantees are not allowed to use underrun funds from the TxDOT amount of (100) Salaries, Subcategories A, "Enforcement," or B, "PI&E Activities," to exceed the TxDOT amount listed in Subcategory C, "Other." Also, Subgrantees are not allowed to use underrun funds from the TxDOT amount of (100) Salaries, Subcategories A, "Enforcement," or C, "Other," to exceed the TxDOT amount listed in Subcategory B, "PI&E Activities." The TxDOT amount for Subcategory B, "PI&E Activities," or C, "Other," can only be exceeded within the five (5) percent flexibility, with underrun funds from Budget Categories II or III.
- C. To be eligible for reimbursement under this agreement, a cost must be incurred in accordance with the Project Budget, within the time frame specified in the Grant Period of this Grant Agreement, attributable to work covered by this agreement, and which has been completed in a manner satisfactory and acceptable to the Department.
- D. Federal or TxDOT funds cannot supplant (replace) funds from any other sources. The term "supplanting," refers to the use of federal or TxDOT funds to support personnel or an activity already supported by local or state funds.
- E. Payment of costs incurred under this agreement is further governed by one of the following

cost principles, as appropriate, outlined in:

1. OMB Circular A-21, Cost Principles for Educational Institutions;
 2. 49 CFR Part 225 (OMB Circular A-87), Cost Principles for State, Local, and Indian Tribal Governments; or,
 3. OMB Circular A-122, Cost Principles for Nonprofit Organizations.
- F. The Subgrantee agrees to submit monthly or quarterly Requests for Reimbursement, as designated in this Grant Agreement, within thirty (30) days after the end of the billing period. The Request for Reimbursement and appropriate supporting documentation must be submitted through *eGrants*.
- G. The Subgrantee agrees to submit the final Request for Reimbursement under this agreement within forty-five (45) days of the end of the grant period.
- H. Payments are contingent upon the availability of appropriated funds.
- I. Project agreements supported with federal or TxDOT funds are limited to the length of this Grant Period specified in this Grant Agreement. If the Department determines that the project has demonstrated merit or has potential long-range benefits, the Subgrantee may apply for funding assistance beyond the initial agreement period. Preference for funding will be given to those projects for which the Subgrantee has assumed some cost sharing, those which propose to assume the largest percentage of subsequent project costs, and those which have demonstrated performance that is acceptable to the Department.

ARTICLE 4. LIMITATION OF LIABILITY

Payment of costs incurred under this agreement is contingent upon the availability of funds. If at any time during this Grant Period, the Department determines that there is insufficient funding to continue the project, the Department shall notify the Subgrantee, giving notice of intent to terminate this agreement, as specified in Article 11 of this agreement. If at the end of a federal fiscal year, the Department determines that there is sufficient funding and performance to continue the project, the Department may notify the Subgrantee to continue this agreement.

ARTICLE 5. AMENDMENTS

This agreement may be amended prior to its expiration by mutual written consent of both parties, utilizing the Grant Agreement Amendment in *eGrants*. Any amendment must be executed by the parties within the Grant Period, as specified in this Grant Agreement.

ARTICLE 6. ADDITIONAL WORK AND CHANGES IN WORK

- A. If the Subgrantee is of the opinion that any assigned work is beyond the scope of this agreement and constitutes additional work, the Subgrantee shall promptly notify the Department in writing through *eGrants*. If the Department finds that such work does constitute additional work, the Department shall advise the Subgrantee and a written amendment to this agreement will be executed according to Article 5, Amendments, to provide compensation for doing this work on the same basis as the original work. If performance of the additional work will cause the maximum amount payable to be exceeded, the work will not be performed before a written grant amendment is executed.

- B. If the Subgrantee has submitted work in accordance with the terms of this agreement but the Department requests changes to the completed work or parts of the work which involve changes to the original scope of services or character of work under this agreement, the Subgrantee shall make those revisions as requested and directed by the Department. This will be considered as additional work and will be paid for as specified in this Article.
- C. If the Subgrantee submits work that does not comply with the terms of this agreement, the Department shall instruct the Subgrantee to make any revisions that are necessary to bring the work into compliance with this agreement. No additional compensation shall be paid for this work.
- D. The Subgrantee shall make revisions to the work authorized in this agreement that are necessary to correct errors or omissions, when required to do so by the Department. No additional compensation shall be paid for this work.
- E. The Department shall not be responsible for actions by the Subgrantee or any costs incurred by the Subgrantee relating to additional work not directly associated with or prior to the execution of an amendment.

ARTICLE 7. REPORTING AND MONITORING

- A. Not later than thirty (30) days after the end of each reporting period, the Subgrantee shall submit a performance report through *eGrants*. For short-term projects, only one report submitted by the Subgrantee at the end of the project may be required. For longer projects, the Subgrantee will submit reports at least quarterly and preferably monthly. The frequency of the performance reports is established through negotiation between the Subgrantee and the program or project manager. For Selective Traffic Enforcement Programs (STEPS), performance reports must be submitted monthly.
- B. The performance report will include, as a minimum: (1) a comparison of actual accomplishments to the objectives established for the period, (2) reasons why established objectives and performance measures were not met, if appropriate, and (3) other pertinent information, including, when appropriate, an analysis and explanation of cost underruns, overruns, or high unit costs.
- C. The Subgrantee shall promptly advise the Department in writing, through *eGrants*, of events that will have a significant impact upon this agreement, including:
 - 1. Problems, delays, or adverse conditions, including a change of project director or other changes in Subgrantee personnel, that will materially affect the ability to attain objectives and performance measures, prevent the meeting of time schedules and objectives, or preclude the attainment of project objectives or performance measures by the established time periods. This disclosure shall be accompanied by a statement of the action taken or contemplated and any Department or federal assistance needed to resolve the situation.
 - 2. Favorable developments or events that enable meeting time schedules and objectives sooner than anticipated or achieving greater performance measure output than originally projected.
- D. The Subgrantee shall submit the Final Performance Report through *eGrants* within thirty (30) days after completion of the grant.

ARTICLE 8. RECORDS

The Subgrantee agrees to maintain all reports, documents, papers, accounting records, books, and other evidence pertaining to costs incurred and work performed under this agreement (called the "Records"), and shall make the Records available at its office for the time period authorized within the Grant Period, as specified in this Grant Agreement. The Subgrantee further agrees to retain the Records for four (4) years from the date of final payment under this agreement, until completion of all audits, or until pending litigation has been completely and fully resolved, whichever occurs last.

Duly authorized representatives of the Department, the USDOT, the Office of the Inspector General, Texas State Auditor, and the Comptroller General shall have access to the Records. This right of access is not limited to the four (4) year period but shall last as long as the Records are retained.

ARTICLE 9. INDEMNIFICATION

- A. To the extent permitted by law, the Subgrantee, if other than a government entity, shall indemnify, hold, and save harmless the Department and its officers and employees from all claims and liability due to the acts or omissions of the Subgrantee, its agents, or employees. The Subgrantee also agrees, to the extent permitted by law, to indemnify, hold, and save harmless the Department from any and all expenses, including but not limited to attorney fees, all court costs and awards for damages incurred by the Department in litigation or otherwise resisting claims or liabilities as a result of any activities of the Subgrantee, its agents, or employees.
- B. To the extent permitted by law, the Subgrantee, if other than a government entity, agrees to protect, indemnify, and save harmless the Department from and against all claims, demands, and causes of action of every kind and character brought by any employee of the Subgrantee against the Department due to personal injuries to or death of any employee resulting from any alleged negligent act, by either commission or omission on the part of the Subgrantee.
- C. If the Subgrantee is a government entity, both parties to this agreement agree that no party is an agent, servant, or employee of the other party and each party agrees it is responsible for its individual acts and deeds, as well as the acts and deeds of its contractors, employees, representatives, and agents.

ARTICLE 10. DISPUTES AND REMEDIES

This agreement supercedes any prior oral or written agreements. If a conflict arises between this agreement and the Traffic Safety Program Manual, this agreement shall govern. The Subgrantee shall be responsible for the settlement of all contractual and administrative issues arising out of procurement made by the Subgrantee in support of work under this agreement. Disputes concerning performance or payment shall be submitted to the Department for settlement, with the Executive Director or his or her designee acting as final referee.

ARTICLE 11. TERMINATION

- A. This agreement shall remain in effect until the Subgrantee has satisfactorily completed all services and obligations described in this agreement and these have been accepted by the Department, unless:
1. This agreement is terminated in writing with the mutual consent of both parties; or
 2. There is a written thirty (30) day notice by either party; or
 3. The Department determines that the performance of the project is not in the best interest of the Department and informs the Subgrantee that the project is terminated immediately.
- B. The Department shall compensate the Subgrantee for only those eligible expenses incurred during the Grant Period specified in this Grant Agreement that are directly attributable to the completed portion of the work covered by this agreement, provided that the work has been completed in a manner satisfactory and acceptable to the Department. The Subgrantee shall not incur nor be reimbursed for any new obligations after the effective date of termination.

ARTICLE 12. INSPECTION OF WORK

- A. The Department and, when federal funds are involved, the USDOT, or any of their authorized representatives, have the right at all reasonable times to inspect or otherwise evaluate the work performed or being performed under this agreement and the premises in which it is being performed.
- B. If any inspection or evaluation is made on the premises of the Subgrantee or its subcontractor, the Subgrantee shall provide and require its subcontractor to provide all reasonable facilities and assistance for the safety and convenience of the inspectors in the performance of their duties. All inspections and evaluations shall be performed in a manner that will not unduly delay the work.

ARTICLE 13. AUDIT

The state auditor may conduct an audit or investigation of any entity receiving funds from the state directly under this agreement or indirectly through a subcontract under this agreement. Acceptance of funds directly under this agreement or indirectly through a subcontract under this agreement acts as acceptance of the authority of the State Auditor, under the direction of the legislative audit committee, to conduct an audit or investigation in connection with those funds. An entity that is the subject of an audit or investigation must provide the state auditor with access to any information the state auditor considers relevant to the investigation or audit.

ARTICLE 14. SUBCONTRACTS

A subcontract in excess of \$25,000 may not be executed by the Subgrantee without prior written concurrence by the Department. Subcontracts in excess of \$25,000 shall contain all applicable terms and conditions of this agreement. No subcontract will relieve the Subgrantee of its responsibility under this agreement.

ARTICLE 15. GRATUITIES

- A. Texas Transportation Commission policy mandates that employees of the Department shall not accept any benefit, gift, or favor from any person doing business with or who, reasonably speaking, may do business with the Department under this agreement. The only exceptions allowed are ordinary business lunches and items that have received the advanced written approval of the Department's Executive Director.
- B. Any person doing business with or who reasonably speaking may do business with the Department under this agreement may not make any offer of benefits, gifts, or favors to Department employees, except as mentioned here above. Failure on the part of the Subgrantee to adhere to this policy may result in termination of this agreement.

ARTICLE 16. NONCOLLUSION

The Subgrantee warrants that it has not employed or retained any company or person, other than a bona fide employee working solely for the Subgrantee, to solicit or secure this agreement, and that it has not paid or agreed to pay any company or person, other than a bona fide employee, any fee, commission, percentage, brokerage fee, gift, or any other consideration contingent upon or resulting from the award or making of this agreement. If the Subgrantee breaches or violates this warranty, the Department shall have the right to annul this agreement without liability or, in its discretion, to deduct from the agreement price or consideration, or otherwise recover the full amount of such fee, commission, brokerage fee, contingent fee, or gift.

ARTICLE 17. CONFLICT OF INTEREST

The Subgrantee represents that it or its employees have no conflict of interest that would in any way interfere with its or its employees' performance or which in any way conflicts with the interests of the Department. The Subgrantee shall exercise reasonable care and diligence to prevent any actions or conditions that could result in a conflict with the Department's interests.

ARTICLE 18. SUBGRANTEE'S RESOURCES

- A. The Subgrantee certifies that it presently has adequate qualified personnel in its employment to perform the work required under this agreement, or will be able to obtain such personnel from sources other than the Department.
- B. All employees of the Subgrantee shall have the knowledge and experience that will enable them to perform the duties assigned to them. Any employee of the Subgrantee who, in the opinion of the Department, is incompetent or whose conduct becomes detrimental to the work, shall immediately be removed from association with the project.
- C. Unless otherwise specified, the Subgrantee shall furnish all equipment, materials, supplies, and other resources required to perform the work.

ARTICLE 19. PROCUREMENT AND PROPERTY MANAGEMENT

The Subgrantee shall establish and administer a system to procure, control, protect, preserve, use, maintain, and dispose of any property furnished to it by the Department or purchased pursuant to this agreement in accordance with its own procurement and property management procedures, provided that the procedures are not in conflict with (1) the Department's

procurement and property management standards and (2) the federal procurement and property management standards provided by:

- A. 49 CFR, Part 18, "Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments," or
- B. 49 CFR, Part 19 (OMB Circular A-110), "Uniform Administrative Requirements for Grants and Agreements with Institutions of Higher Education, Hospitals, and Other Nonprofit Organizations."

ARTICLE 20. OWNERSHIP OF DOCUMENTS AND INTELLECTUAL PROPERTY

Upon completion or termination of this Grant Agreement, whether for cause or at the convenience of the parties, all finished or unfinished documents, data, studies, surveys, reports, maps, drawings, models, photographs, etc. prepared by the Subgrantee, and equipment and supplies purchased with grant funds shall, at the option of the Department, become the property of the Department. All sketches, photographs, calculations, and other data prepared under this agreement shall be made available, upon request, to the Department without restriction or limitation of their further use.

- A. Intellectual property consists of copyrights, patents, and any other form of intellectual property rights covering any databases, software, inventions, training manuals, systems design, or other proprietary information in any form or medium.
- B. All rights to Department. The Department shall own all of the rights (including copyrights, copyright applications, copyright renewals, and copyright extensions), title and interests in and to all data, and other information developed under this contract and versions thereof unless otherwise agreed to in writing that there will be joint ownership.
- C. All rights to Subgrantee. Classes and materials initially developed by the Subgrantee without any type of funding or resource assistance from the Department remain the Subgrantee's intellectual property. For these classes and materials, the Department payment is limited to payment for attendance at classes.

ARTICLE 21. SUCCESSORS AND ASSIGNS

The Department and the Subgrantee each binds itself, its successors, executors, assigns, and administrators to the other party to this agreement and to the successors, executors, assigns, and administrators of the other party in respect to all covenants of this agreement. The Subgrantee shall not assign, sublet, or transfer interest and obligations in this agreement without written consent of the Department through *eGrants*.

ARTICLE 22. CIVIL RIGHTS COMPLIANCE

- A. Compliance with regulations: The Subgrantee shall comply with the regulations relative to nondiscrimination in federally-assisted programs of the USDOT: 49 CFR, Part 21; 23 CFR, Part 200; and 41 CFR, Parts 60-74, as they may be amended periodically (called the "Regulations"). The Subgrantee agrees to comply with Executive Order 11246, entitled "Equal Employment Opportunity," as amended by Executive Order 11375 and as supplemented by the U.S. Department of Labor regulations (41 CFR, Part 60).
- B. Nondiscrimination: The Subgrantee, with regard to the work performed during the period of

this agreement, shall not discriminate on the grounds of race, color, sex, national origin, age, religion, or disability in the selection and retention of subcontractors, including procurements of materials and leases of equipment.

- C. Solicitations for subcontracts, including procurement of materials and equipment: In all solicitations either by competitive bidding or negotiation made by the Subgrantee for work to be performed under a subcontract, including procurements of materials and leases of equipment, each potential subcontractor or supplier shall be notified by the Subgrantee of the Subgrantee's obligations under this agreement and the regulations relative to nondiscrimination on the grounds of race, color, sex, national origin, age, religion, or disability.
- D. Information and reports: The Subgrantee shall provide all information and reports required by the Regulations, or directives issued pursuant thereto, and shall permit access to its books, records, accounts, other sources of information, and its facilities as may be determined by the Department or the USDOT to be pertinent to ascertain compliance with the Regulations or directives. Where any information required of the Subgrantee is in the exclusive possession of another who fails or refuses to furnish this information, the Subgrantee shall certify that to the Department or the USDOT, whichever is appropriate, and shall set forth what efforts the Subgrantee has made to obtain the requested information.
- E. Sanctions for noncompliance: In the event of the Subgrantee's noncompliance with the nondiscrimination provision of this agreement, the Department shall impose such sanctions as it or the USDOT may determine to be appropriate.
- F. Incorporation of provisions: The Subgrantee shall include the provisions of paragraphs A. through E. in every subcontract, including procurements of materials and leases of equipment, unless exempt by the regulations or directives. The Subgrantee shall take any action with respect to any subcontract or procurement that the Department may direct as a means of enforcing those provisions, including sanctions for noncompliance. However, in the event a Subgrantee becomes involved in, or is threatened with litigation with a subcontractor or supplier as a result of such direction, the Subgrantee may request the Department to enter into litigation to protect the interests of the state; and in addition, the Subgrantee may request the United States to enter into such litigation to protect the interests of the United States.

ARTICLE 23. DISADVANTAGED BUSINESS ENTERPRISE (DBE) PROGRAM

- A. The parties shall comply with the DBE Program requirements established in 49 CFR Part 26.
- B. The Subgrantee shall adopt, in its totality, the Department's federally approved DBE program.
- C. The Subgrantee shall set an appropriate DBE goal consistent with the Department's DBE guidelines and in consideration of the local market, project size, and nature of the goods or services to be acquired. The Subgrantee shall have final decision-making authority regarding the DBE goal and shall be responsible for documenting its actions.
- D. The Subgrantee shall follow all other parts of the Department's DBE program referenced in TxDOT Form 2395, Memorandum of Understanding Regarding the Adoption of the Texas

Department of Transportation's Federally-Approved Disadvantaged Business Enterprise by Entity and attachments found at web address
http://txdot.gov/business/business_outreach/mou.htm.

- E. The Subgrantee shall not discriminate on the basis of race, color, national origin, or sex in the award and performance of any USDOT-assisted contract or in the administration of its DBE program or the requirements of 49 CFR Part 26. The Subgrantee shall take all necessary and reasonable steps under 49 CFR Part 26 to ensure non-discrimination in award and administration of USDOT-assisted contracts. The Department's DBE program, as required by 49 CFR Part 26 and as approved by USDOT, is incorporated by reference in this agreement. Implementation of this program is a legal obligation and failure to carry out its terms shall be treated as a violation of this agreement. Upon notification to the Subgrantee of its failure to carry out its approved program, the Department may impose sanctions as provided for under 49 CFR Part 26 and may, in appropriate cases, refer the matter for enforcement under 18 USC 1001 and the Program Fraud Civil Remedies Act of 1986 (31 USC 3801 et seq.).
- F. Each contract the Subgrantee signs with a contractor (and each subcontract the prime contractor signs with a sub-contractor) must include the following assurance: *The contractor, sub-recipient, or sub-contractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The contractor shall carry out applicable requirements of 49 CFR Part 26 in the award and administration of USDOT-assisted contracts. Failure by the contractor to carry out these requirements is a material breach of this agreement, which may result in the termination of this agreement or such other remedy as the recipient deems appropriate.*

ARTICLE 24. DEBARMENT AND SUSPENSION

- A. The Subgrantee certifies, to the best of its knowledge and belief, that it and its principals:
1. Are not presently debarred, suspended, proposed for debarment, declared ineligible or voluntarily excluded from covered transactions by any federal department or agency;
 2. Have not within the three (3) year period preceding this agreement been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a federal, state, or local public transaction or contract under a public transaction; violation of federal or state antitrust statutes; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;

Problem Identification and Solution

I. Problem Identification

Collin County is one of the fastest growing counties in the State of Texas and the Nation. With a population of nearly 800,000, Collin County experienced a growth spurt of more than 61 percent since the last census in 2000. It is estimated that 74 people move to Collin County each day. With a population influx, increased usage and continuing highway expansion along Highway 121, the North Dallas Toll way and Highway 190, DWI enforcement is critical.

Utilizing the figures in 2011 after the Blood Warrant Grant had been in place for 2 years, there were 563 refusal cases disposed of in Collin County. Refusal cases comprised 29% of the total DWI dispositions for that year. In 2012 after the Blood Warrant Grant was in affect for 3 years, the number of disposed refusal cases was reduced to 481 cases. Refusal cases comprised 24% of the total number of disposed cases. In 2011 there were 231 blood warrant cases disposed of versus 273 for the year 2012. With regard to refusal cases, the conviction rate was 79% while the conviction rate for consensual blood test cases or blood warrant cases was in excess of 95%. The reduction of refusal cases and increase in blood warrant cases can be attributed to the Counties commitment to the No Refusal Program which was enabled by the Blood Warrant Grant.

The most direct, tangible effect of the increased "No Refusal" policies in Collin County is conversion of refusal cases, which have lower conviction rates, to blood cases, where the conviction rate is notably higher. Blood tests are regarded as the most compelling evidence in DWI cases. The Blood Warrant Grant has allowed Collin County law enforcement to obtain the best evidence possible, when it would otherwise not be available.

No Refusal programs support the police in DWI law enforcement. Knowledge of "No Refusal" policies deters drunken driving. Further, the policies can encourage "voluntary" breath or blood testing. There is a greater likelihood that a suspect will consent if they believe a blood warrant will be obtained. The stronger the evidence the greater the possibility a case can be disposed of through a plea bargain. The less time an officer is in court the more time he/she is available to be on the street. Finally, in the event of a trial, the prosecution is based on the strongest evidence possible and the type of evidence jurors expect - Objective, Scientific Evidence.

II. Problem Solution

It is the mission of the Collin County Criminal District Attorney's Office, in cooperation with local law-enforcement agencies, to reduce the number of DWI offenses through the combination of effective prosecution and public awareness of the "No Refusal" program. Alcohol related crashes continue to be a significant problem in Collin County.

With regard to DWI prosecutions, there is a large discrepancy between the number of jury trials set in cases where a defendant refused to submit to a breath or blood test. Collin County currently seeks to participate in a DWI No-Refusal Program every weekend and holiday throughout the year. The funding for nurses, received through the current Blood Draw grant, ensured that the county was able to contract with nurses to draw blood during

the requisite weekend and holiday periods. This grant request is submitted in an effort to help us continue to provide the tools necessary for Collin County law enforcement to obtain the most reliable and convincing evidence in the prosecution of DWI offenses - blood.

Based on the success of the "No Refusal" weekends, the Collin County Criminal District Attorney's Office wants to continue to have nurses available every Friday, Saturday, and any major holidays at local jails. The nurses will work a 10-hour shift from 2000 to 0600. By ensuring the availability of nurses, this grant provides law enforcement with the ability to obtain the most convincing evidence that can be obtained in a DWI case. The statistics support that "refusal" cases become "blood" cases which result in more plea bargains and a higher conviction rate when a case is actually litigated.

III. Project Evaluation
