RE: CPS/Live Here Give Here Presentation

The purpose of this agenda item is to present the CPS Board as the first recipient of the Live Here Give Here initiative, and to preview a Powerpoint presentation developed to support CPS Board fundraising. The county will be assisting the CPS Board by providing marketing support materials, including the Powerpoint. Members of the CPS Board will also be present to discuss their developing strategy for fundraising.

Live Here Give Here's purpose is to encourage local charitable donations to go to local non-profit organizations, the first being the CPS Board. Donations to local charities are being received through this initiative via PayPal and mail-in giving and distributed to the designated organizations.
