

2014
Collin County Sheriffs Office
JAG Grant Proposed Budget

45 Body Worn Cameras (to include all support
hardware/software) \$17,971.00

Cameras worn by each uniform deputy for the purpose of evidence documentation. These small cameras are worn on the uniform. The documentation of evidence, often times as it occurs, will be a valuable asset to support the deputies as they respond to calls for service. We don not currently have this capability when separated from the patrol unit.
