## **20 Regional Healthcare Partnerships**

# **Collaboration and Innovation**

## Statewide Learning Collaborative RHP #

---

### Regional Health Partnership #\_

Anchor:

Unique Features of RHP (what is special or different such as population boom, health disparities, square miles covered, major needs, etc.)

## **Successes and Discoveries:**

- Define strategy and methods that led to discovery of improved process or delivery method (examples such as RHP 1 asthma project funding through schools; unexpected collaborations; themes in the types of projects that providers in your RHP are working on; other ways that healthcare delivery is transforming)

---

## Patient Impact:

- If you have one, provide an example of how a patient in your RHP has benefited from DSRIP.
