Re: Fiscal Year 2015 Low Income Vehicle Repair Assistance, Retrofit, and Accelerated Vehicle Retirement Program County Funding

Dear Judge Self:

Thank you for the continuing partnership between Collin County and the Texas Commission on Environmental Quality (TCEQ) in implementing the Low Income Vehicle Repair Assistance, Retrofit, and Accelerated Vehicle Retirement Program (LIRAP). The LIRAP includes both the Drive a Clean Machine (DACM) program and the Local Initiative Projects (LIP).

For fiscal year 2015, Collin County has been allocated \$342,517 for the DACM program and \$38,398 for the LIP program. The allocations are based on the county's contribution to the program's funding from the fees collected in the county and the amount appropriated by the legislature. The DACM funds will be sent to participating counties after receiving the required request for funds (see attached example). Distribution of funds will occur after September 1, 2014 when the TCEQ has received the appropriation.

The LIP funding will be distributed after counties submit and receive approval for clean air projects. If your county is not interested in participating this fiscal year, please submit a letter to the TCEQ relinquishing your FY 2015 funding by September 15, 2014. Relinquished funds may be allocated to other participating counties.

Thank you for your continued support and efforts in improving air quality.
