Dear Valued Customer:

Thank you for your continued support of Continental Commercial Products. As we near the end of this year's first quarter, we continue to see significant volatility in raw material costs. Although we have worked very diligently over the past several months to offset our increased costs, we can no longer absorb these increases without a pricing initiative.

**Therefore, we are hereby providing you with a 60 day notice of a price increase of 3 to 6% on all Continental and Wilen products.** This price increase goes into effect for all customer orders received on or after Jan. 13, 2014 . Orders received by 5:00 p.m. CST on or before Jan. 10, 2014 calling for immediate shipment will be invoiced at current prices.

To assist you in implementing this price increase, a report reflecting old and new prices by item will be sent to you by Dec. 20, 2013 . If you require information prior to that date, please contact your Regional Sales Manager as soon as possible.

As always, we appreciate your business and acceptance of this price increase. Despite this necessary adjustment, we remain committed to providing you with the best overall value in the industry.

Best Regards,
