RE: Texas 1033 Surplus Property program

Our agency is a small but progressive agency; however, we have a limited budget and limited resources. The 1033 surplus property program is a very important program for local law enforcement agencies like ours. The program has the ability to provide government surplus property to agencies that otherwise would have to use limited budget monies or precious resources that may be tasked out for other important programs. The items offered by the 1033 program are mission critical and necessary for everyday operation. Without access to the program, and some of the equipment available, agencies like ours would have a difficult time providing proper and mandated services to the public. Thank you for your support and continued approval for access to the Texas 1033 Program.

Sincerely,

Joe Wright
Constable, Pct. 4
