Re: CR206 Segment Abandonment

PW requests Commissioners Court's approval to abandon CR206 between FM543 and CR228.

As you know, the Trinity Falls subdivision has been under construction near the intersection of FM543 and CR206 for much of 2014. In addition to the subdivision, the developer constructed a 4-lane concrete road parallel to CR206 between FM543 and CR228 called Trinity Falls Blvd (please see attached).

Last month on November 6, PW received a formal petition from the developer to abandon the aforementioned segment of CR206. No County residents would be adversely affected by this action since they all have access to Trinity Falls Blvd from their respective parcels.

If you have any questions, please do not hesitate to contact me and I will respond accordingly.
