Re: Mental Health Services Contract

The Juvenile Probation Department has executed a contract with The Oaks at Brownwood, a licensed mental health treatment facility to provide residential services for juvenile offenders with specialized mental health needs exceeding the level of care necessary for safe, community-based intervention, and needs that exceed what can be provided within our own post-adjudication program. These services will be paid for with existing state funding allocated for mental health services.

Respectfully,

H. Lynn Hadnot, Deputy Director
