April 16, 2015

Judge Keith Self
Collin County Commissioners Court
Collin County Administration Building
2300 Bloomdale Rd., Suite 4192
McKinney, TX 75071

Dear Judge Self:

Thank you for the continuing support provided TAPS and public transportation. The growing support you and the Collin County Commissioners have provided has been instrumental in the increasing use of public transit services in recent years.

Certainly the local growth in use of public transportation is partially attributable to the outstanding direction and leadership we receive from those who serve on our Board of Directors. Chris Hill represents Collin County as a director on the TAPS Board and his term will end May 2015.

This letter is TAPS request, operating as the Texoma Rural Transit District under Chapter 458 of the Texas Transportation Code, for Collin County Court to reappoint or replace him as representative to serve a two-year term on the TAPS Board of Directors at the pleasure of the Court, beginning at the July 2015 board meeting.

Again, thank you and the entire Court and staff for your support. We look forward to continuing many years of growing public transportation service for residents of Collin County and our North Texas region.

Sincerely,

Brad Underwood
Chief Executive Officer
TAPS Public Transit
