From: Jon Kleinheksel, Director of Public Works *JK*
Re: City of Parker Mutual Boundary Work & Road Repair Request

The City of Parker requests Commissioners' Court's consideration and approval to reallocate Transportation Bond funds to finance the city portion of two mutual boundary road rehabilitation projects.

The Parker City Council passed resolution 2015-470 on April 7 requesting the reallocation of funds from the 2007 Collin County Transportation Bond program in the amount of \$78,604. These funds would be shifted toward the reconstruction of two asphalt roads, Donihoo Ln and Hackberry Ln, using the Full Depth Reclamation process. This reassignment of would reduce their current bond funds balance from \$984,924 to \$906,320.

Because of current commitments and resource allocations, Public Works will coordinate with Parker officials to schedule the projects in a mutually acceptable timeframe. Also, Public Works will deliver a final product that meets all County Road Standards. However, due to many intrinsic variables including:

- Inclement weather
- Traffic patterns
- Soil conditions
- Future road maintenance
- Trees and drainage maintenance

Public Works will not provide a warranty for roads reconstructed within or adjacent to the Parker boundaries. (Please note on the court order).

If you have any questions, please do not hesitate to contact me and I will respond accordingly.
