Subject: Budget Adjustment for Medical Examiner Design

I am requesting a Budget Adjustment to move \$5,000.00 from a completed flooring project S41014 to fund the Geotechnical Investigation for the Medical Examiner Addition Design project R41005. Both projects are budgeted in Acct # 499-4105-561.91-01. The reason for the shortage is that we funded unforeseen underground utility location because we needed to know the exact location of the underground Electric service to design the foundation.

Thank you for your consideration.
